Dear St. Thomas Student:

If you are reading this, congratulations and welcome to St. Thomas University!

You are about to embark on something wonderful…Freedom. Use it wisely. The way you use it will define who you are and who you will become personally, socially, intellectually and financially.

The first year of college can be a bewildering, yet exciting experience and how you navigate through this new found freedom and independence will depend on self-discipline. You will encounter a mirage of conflicts, challenges and obstacles. This is okay, it’s part of that road to success. Here at St. Thomas we have the plan to help you succeed and become the Leader for Life you aspire to be.

Right now you are very young and it won’t be easy to predict where life will take you, nonetheless I encourage you to embrace the uncertainties and let them help guide you to defining your authentic self.

Finally, study hard and in doing so get: Involved, Engage, Evolve…Lead!

Sincerely,

E. Toni Mountain, MSM.
Associate Dean of Students

P.S. New Undergrads, if you graduate in four years; I’ll buy you lunch.

FINANCIAL AID

At St. Thomas University, we are dedicated to providing the best education to our students. With the ever rising cost of a post-secondary education, more families are finding it necessary to seek assistance through financial aid. While the first resource for an education is the family, the Office of Financial Aid is committed to the philosophy that every student demonstrating financial need should be offered assistance. The availability of certain funds and timeliness of application is imperative in determining amounts of assistance available to students. Therefore, it is important to apply early and adhere to application requirements and deadlines.

Each student’s financial assistance package shall contain a component of gift aid, to the extent that available funds and program eligibility will permit. Self-help will be the next component of the assistance package. With the above principles established, financial assistance shall be awarded in the following order, as eligibility and funds permit:

1. Federal Pell Grant
2. Federal Supplemental Educational Opportunity Grant (FSEOG)
3. State Scholarships and/or Grants
4. Private Scholarships and/or Grants
5. Institutional Merit Scholarships
6. Institutional Need Grant
7. Self-help (Federal Work Study, Federal Perkins Loan, Direct Stafford Loan and/or Direct PLUS Loan for Parents)

Eligibility Requirements (Federal and State Programs)

Certain but not all eligibility requirements for federal and state financial assistance are summarized as follow:

2. Apply within designated deadlines.
3. Demonstrate financial need (except for some loan programs).

6. Be a U.S. citizen or an eligible non-citizen of the U.S.
7. Have a valid Social Security Number.

9. Sign a statement on the FAFSA certifying that you will use federal student aid only for educational purposes.

For Federal Financial Aid, the Federal School code for St. Thomas University is 001468. To apply for financial aid, please follow the following steps:

1. Complete the 2015-2016 Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov.
2. Be admitted to the university, or, if in attendance, be a student in good academic standing (please refer to the section on satisfactory academic progress).

How to Borrow Wisely
- Don't borrow without looking into alternate methods of financing your education (e.g. scholarships, fellowships, employee tuition reimbursement, veteran's benefits, savings, family, etc.).
- If you must borrow, carefully compare repayment incentives.
- Repay your debts as soon as possible; the longer you owe, the more you will pay.
- To help secure your financial future, stay in touch with your lender.
- Try to borrow as little as possible. Borrow ONLY what you need.

Priority Deadlines
Priority date by which ALL financial aid documents, including the results of the FAFSA or Renewal FAFSA (FAFSA-R) must be received by the Office of Financial Aid to be considered “ON TIME” is April 1st. Students whose files are completed accurately by this deadline will receive priority consideration for limited Federal, State, and/or Institutional funds. Students who complete their financial aid file after April 1st priority deadline will be processed in order of completion date, but may not receive an award determination by the beginning of the Fall semester depending on file completion date. Late applicants should plan to have adequate resources to meet their tuition and living expenses.

Notification
The Office of Financial Aid aims to provide award notification by June 15th for those students who applied for financial aid by April 1st. If you have applied by the priority deadline of April 1st and have not heard from the Office of Financial Aid by July 15th please contact the Student Success Center at 30) 474-6900.
Renewal of Awards

1. Financial Aid awards are not automatically renewed. A student must reapply each year in order to receive an award determination. The FAFSA for the current academic year is available after January 1st online at www.fafsa.gov.

2. Academic scholarships and/or grants (offered by Admissions Office) are renewable if the student maintains satisfactory academic progress. The initial scholarship letter you received from the Admissions Office outlines the scholarships eligibility criteria for renewal of the award.

Satisfactory Academic Progress (SAP)

Federal regulations require the University to establish Standards of Satisfactory Academic Progress (SAP). You must maintain SAP towards a course of study regardless of whether you previously received financial aid at the University. Satisfactory academic progress is measure both in terms of qualitative and quantitative. You must maintain a minimum grade point average and complete a minimum number of credits each term you are enrolled. In addition, assistance will be limited to a maximum number of credits in relation to your degree requirements. The programs affected by the Standards of Satisfactory Academic Progress include: Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Perkins Loan, Direct Subsidized Stafford, Direct Unsubsidized Stafford, and Direct PLUS Loan for Parents, Florida Resident Access Grant (FRAG) and Florida Student Assistance Grant (FSAG). Institutional Scholarships and/or grants are subject to the same standards. All courses taken at the University will be counted. Failure to meet the requirements of satisfactory academic progress will result in the student being placed on warning, probation, or suspension of financial aid eligibility. For the purpose of Title IV Funds, the Office of Financial Aid defines an academic year as 24 credits (fall and spring) for all undergraduate programs. Full-time undergraduate enrollment is defined as enroll for a minimum of 12 credits per term.

Measuring Satisfactory Academic Progress

There are two components to Satisfactory Academic Progress:

- Qualitative (G.P.A.)
  - Undergraduate — Minimum cumulative G.P.A. of 2.0
- Quantitative (Credit Hour Completion)
  1. Undergraduate students with a combined enrollment of 12 credits or more for the academic year (Fall/Spring) must earn 75% of all cumulative attempted credits.
  2. Undergraduate students with a combined enrollment of less than 12 credits for the academic year (Fall/Spring) must earn ALL credits attempted.

Maximum Time Frame

Students are eligible to receive financial aid up to 33% over and above the maximum number of credit hours required to obtain his/her degree as defined in the University’s Catalog. All undergraduate/graduate courses attempted at the University will be counted towards maximum time frame limitation.

- All period of enrollment (including summer), will be counted towards maximum time frame limitation.

Note: The Summer semester may be used to make up credit hour deficiencies and G.P.A. for the new academic year (except for state programs).

Second Bachelor’s Degree

Students will be eligible to receive financial aid up to 33% over and above the maximum credit hours required to obtain a second bachelor’s degree. The student must submit documentation from the College Dean of the student’s chosen major, indicating the number of credit hours needed to complete the desired
second bachelor's degree. **Students pursuing a second bachelor's degree will only be eligible for Federal Work Study and the William D. Ford Federal Direct Loan Program.**

**Change of Major**

Students are eligible for aid up to 33% over and above the maximum number of credits required for their new degree. All transfer credits and credits attempted at the University from the previous major will be included in the calculation of maximum time frame. **Financial assistance will not be extended to cover lost credits due to change of major.**

**Deficiencies/Prerequisites**

Students who are admitted with deficiencies and/or prerequisites will have those credits added to their minimum degree requirements.

**Treatment of Punitive and Non-punitive Grades and Courses**

All courses with a grade of F, I, W, UW and repeated courses will be considered in the calculation of credit hours attempted and will be subject to the Standards of Satisfactory Academic Progress. Audited courses are not considered in awarding financial aid; therefore, they will not be counted in the determination of satisfactory academic progress. Incomplete (I) grades will be calculated as failing grades in regard to Credit Hour Completion until the course has been satisfactorily completed. **It is the student’s responsibility to inform the Student Success Center if grade changes have been made to his/her academic record.**

**Notification of Satisfactory Academic Progress Status**

Before issuing an award for an academic year, the Office of Financial Aid will review the applicant’s eligibility based on the student's academic performance at the end of each semester for the previous academic year. Students who have not met the minimum standards of satisfactory academic progress as outlined will be placed on financial aid warning for one semester. Failure to meet the requirements of satisfactory academic progress during the warning period will result in the student being suspended from receiving any forms of Title IV funding (including federal loans).

**Reinstatement of Financial Aid Eligibility**

A student may regain eligibility by:

- Achieving the required GPA and Credit Hour Completion as outlined.
- Attend summer school to make up credit hour deficiencies and GPA for the new academic year (except for state programs).
- Appealing the financial aid decision as described below.

**Appeal Process**

Any student who does not meet satisfactory academic progress standards and is able to document extenuating circumstances may appeal the suspension or termination of financial aid eligibility.

1. To appeal, submit the Satisfactory Academic Progress Appeal Form (available at [www.stu.edu/faforms](http://www.stu.edu/faforms)) with proper documentation to the Student Success Center explaining the reason(s) for the request.
2. The student will be notified of the decision within 15 business days of the receipt date.

If the Financial Aid Administrator denies the appeal, the student may request a “Final Appeal Request” form from the Student Success Center. The final appeal request will be reviewed by the Financial Aid
Appeal Committee and the student will be notified of their decision within 30 days. *This decision shall be final. Only one final appeal per academic year is allowed.*

**Note:** All charges incurred during any period of time for which a student's aid is denied/suspended is the sole responsibility of the student and/or his/her parents. Under no circumstances will awards be made retroactively, unless specifically provided for herein. If the appeal is approved, financial assistance will be awarded based on availability of funds at the time.

**Dropping/Withdrawing**

The funds you are awarded are intended to help meet your educational expenses while attending the University. If you withdraw, drop out of school, drop below half-time, change enrollment status or leave without notice in any given enrollment period, your financial aid award may be reduced or canceled, and you may be required to return a portion of the aid awarded to you. If you are entitled to a refund of your tuition, all or part of the refund may be applied to the financial fund from which your aid was awarded. You may also be required to refund a portion of the funds disbursed directly to you. The amount of the refund is based on formulas established by the U.S. Department of Education. *You should consult with an advisor at the Student Success Center prior to dropping or withdrawing to avoid an unnecessary financial hardship.*

Financial aid is refunded based on the date of withdrawal from St. Thomas University. Title IV aid is earned in a prorated manner on a per diem basis up to the 60% point in the semester. After this point in time, Title IV aid is viewed as 100% earned. Refunds to the federal student financial aid programs must be made prior to issuing a refund to the student. In accordance with federal regulations, refunds are allocated in this order:

1. Direct Unsubsidized Stafford Loan
2. Direct Subsidized Stafford Loan
3. Federal Perkins Loan
4. Direct PLUS Loan for Parents
5. Federal Pell Grant
6. Federal SEOG
7. Other Title IV Programs
8. Other Non-Federal financial aid

Students will be notified in writing of balance owed to STU and have 45 days from the date of the letter to arrange payment with the Business Office. F. ADVISORS

Each student Organization must have a full-time STU faculty or staff member or administrator to serve as their advisor. They can help you make decisions, give the organization a historical perspective, and approve organization events and expenditures. They are expected to book the room/venue needed for your event on campus on FMS and to post your events on the UNI calendar on EMS.

It is important to communicate regularly with your advisor so that she/he is well informed and can be of assistance to you. The advisors are expected to stay abreast of the organization workings and must serve
in a supervisory role when attending all organization events and meetings. The advisor must also serve as chaperone for all off campus events and all on campus social events i.e. community service events, social events, and meetings. At the beginning of the Fall and Spring semesters, the SGA will host a Student Involvement Fair. This event is designed for clubs and organizations to showcase their group and recruit potential members. All clubs and organizations are required to participate in this event. Failure to participate will result in the clubs or organizations loss of funding.

Club or Organization Meetings
Officers and club members should utilize these meetings as a time to inform and recruit new members to their organization. Club or organization meetings must be open to all STU students. Meetings may (available upon request) be held in the Center for Student Involvement and advertised to the entire undergraduate student body.

H. STUDENT ORGANIZATION REGISTRATION FORMS

In order to attain and maintain your status as a recognized or sponsored Student Organization at St. Thomas University, you must have on file in the SGA office a current copy of your Student Organization Registration Form. A new Student Organization Registration Form must be submitted to the SGA Office at the beginning of each semester and whenever the information on the form changes, such as in the event of the election of new officers or the appointment of a new advisor.

I. SGA CLUB AND ORGANIZATION GUEST POLICY

Students and student organizations are responsible for the conduct of their guests while they are on and
off the St. Thomas University campus. Students and student organizations are expected to inform their guest of university policies, rules and regulations and may be subject to disciplinary action for guest violations. Approval must be obtained from the SGA Advisor for an organization to host an event to which outside guests would be invited.

II. HOW TO LEAD A STUDENT ORGANIZATION

A. TIPS FOR ADVISORS AND PRESIDENTS

Leading a Student Organization is challenging but rewarding work. It is neither the role of the president nor of the advisor to run the organization alone, but rather to facilitate its growth and development. Student Organizations are most effective, productive, and enjoyable when everyone plays a part in their success.

1. Delegating — An organized leader keeps track of tasks that need to be done and delegates those tasks to as many people as possible.
2. Committees — Breakdown the various tasks of the organization into committees and have a different person chair each committee. Ideas for committees include Publicity, Recruitment, and Special Events.
3. Training — The University offers many opportunities for leaders to improve their skills. Encourage members of your organization to attend such workshops.
4. Ask & Listen — One of the most common mistakes made by leaders is in failing to ask the organization members for its opinions, desires and to listen to what they say. The quickest way to alienate yourself from your members is to act in a vacuum.
5. Admit Mistakes — Everyone makes mistakes and you’ll make your fair share. When that happens, admit it, apologize, learn from it, and move on. Be just as willing to forgive the mistakes of others.

B. WORKING WITH YOUR ADVISOR

The very first thing you should do as a leader is get to know your advisor. This person serves as a resource and mentor. It is important to establish a working relationship with your advisor. Discuss your mutual expectations, goals, and what direction you would like the organization to take. Here are some other things you might consider going over:

1. The rules and regulations that may affect your Student Organization;
2. Your organization’s history;
3. Previous events (both successful and unsuccessful);
4. How involved your advisor would like to be, especially regarding specific details of meetings / events;
5. What does your advisor expect from you, and what do you expect from him/ her;
6. Your roles in regards to working with the group;
7. How much of a role will the advisor play in helping recruit new members?
8. Your C/O’s Desired Learning Outcomes
9. Your C/O’s Civic Engagement requirement for funding

Topics to discuss with your advisor:

1. Short-term and long-term goals;
2. Budget, potential uses for this money, and needs for obtaining additional funds for larger programs;
3. Agendas for upcoming meetings;
4. Set date, time, and place for the meetings;
5. Fill out an Organization Event Registration Form (OERF) and return to the SGA office.

C. MEETINGS

When running meetings, a clearly defined agenda will help you move smoothly and expediently through your business items, while at the same time letting everyone in the meeting know what will be discussed. Have your agenda completed and reviewed.

1. Think about how much time to spend on each topic;
2. Supply a sign-in sheet asking for name, phone, address, and e-mail;
3. Have an icebreaker to get to know each other’s names;
4. Tell members when the meeting will end;
5. Talk about some goals or ideas for activities, and get feedback;
6. Have a brainstorming session, and write all ideas down;
   Before ending a meeting, summarize what’s been covered and repeat back to the group their assignments and schedule or talk about the next meeting.

D. AGENDAS

Agendas should include information, topics to be covered, and built-in time to discuss pertinent issues. A sample outline is below:

Location  
Sharing (how is everyone?)

   **B. HAZING**

   St. Thomas University believes that true community is nurtured in an atmosphere of social and moral responsibility, respect for individuals and loyalty to the principles of higher education. This basic philosophy coupled with the University’s adherence to state, local, and federal guidelines is the basis for the adoption of this formal hazing policy.

   Hazing is defined as:

   1. Any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student, or which willfully destroys or removes public or private property for the purpose of initiation or admission into or in affiliation with, or as a condition for continued membership in any organization operating under the sanction of or recognized as an organization by St. Thomas University.
   2. Such actions and situations include, but are not limited to: paddling in any form; creation of excessive fatigue; physical or psychological stress; wearing, publicly apparel which is conspicuous and not normally in good taste; engaging in public stunts; morally degrading or humiliating games and activities; forcing consumption of alcohol or drugs; and any other activity which is not consistent with regulations or policies of St. Thomas University.

   Hazing is dangerous and unnecessary and contrary to the educational goals of St. Thomas University. If a Student Organization is involved in a hazing incident, appropriate disciplinary action will be taken.

   **C. PUBLICITY**

   There are many ways to publicize your events on campus. The following are some avenues in which you may choose to have your events publicized to the University community. Please feel free to come to the SGA office to discuss other ideas you may have.

Fundraisers will be scheduled on a first-come, first-served basis and will not be approved unless submitted within 2 weeks of the intended date.
Student Organizations that wish to seek corporate sponsorship for any purpose must submit a list of suggested sponsors to SGA PRIOR to contacting the sponsors. St. Thomas University will review the list and supply notice of which sponsors may be contacted for support. Once approval is granted, any correspondence to be sent to off-campus agencies must first be approved by SGA.

1. A bake sale accounting form must be turned in to SGA immediately following the sale. If the fundraising event takes place during non-business hours, the proceeds must be turned into SGA by 12pm of the following business day, for deposit to organizations account.

Approved expenditures should be contained in minutes, including the vote tally indicating approval. Minutes approving expenditures must be attached to your OERF. Student Organizations who fail to attend Organization Council meetings and other SGA meetings or trainings as requested may be subject to having their budgets frozen.

8. Funds may not be used for events and trips which are not consistent with the Student Organization’s purpose/mission.
9. Funds may not be used to underwrite 100% of an off-campus excursion, including but not limited to concerts, theatres, theme parks, and museums. SGA will determine funding allocations.
10. SGA funds may not be used to purchase personal items.
11. Organization activities must be open to the entire STU community

B. FOOD REQUESTS

Student Organizations may use the University designated dining services when sponsoring an event or meeting on campus. Use of an outside vendor must be proposed to and approved by the Director of Student Life. Written estimates must be provided at time of proposal.

C. EVENT/CHECK DISTRIBUTION TIMELINE

In order to access your organization budget to pay for events in advance, you should submit the proper paperwork four weeks prior to the event date. Paperwork, which is incomplete or late, may not be processed in time for your event. Please plan accordingly.

V. EVENT PLANNING ORGANIZATION EVENT REQUEST FORM (OERF) - This form can be found in your Club & Organization Funding Request Packet (FRP).

The Organization Event Request Form (OERF) is the primary form used in planning your event. This form is used when you want to have an activity of any kind, including a meeting, speaker, party, etc., on or off campus. You may not have an approved event without submitting this form and returning it to SGA at least one month prior to the proposed event. It also provides SGA the opportunity to avoid room conflicts and address any special needs, whether they are publicity, audio-visual, etc. Detailed diagrams and program descriptions should be attached for set up and publicity. Room reservations and set-up, as well as, media needs will be done with the assistance of the Associate Director of Student Life.

Purchase Order (PO)/Check Request

When your organization wishes to purchase or receive reimbursement for an item/service using its allocation invoices, quotes or receipts must be submitted to the SGA Treasurer four weeks prior to the event. Do not anticipate your late action to be met with an expedited reaction on the SGA/SGA Advisors side. Purchases made on behalf of St. Thomas University are tax-exempt. The information for using this status is available through SGA. Before contacting a speaker/vendor you should discuss the event with SGA. All purchases/service requests for prepayment or reimbursements should be approved in advance by SGA, or your request may not be paid.

Day Trip Funding Request

When planning off-campus programming, which exceeds funding allocations, you must request, one month in advance, the additional funds with an Organization Event Registration Form. This form can be found in your Club & Organization Funding Request Packet (FRP). For proper consideration and the
planning of your event, it is important to collect estimates for your total event cost. This form should be used to help you evaluate possible program shortfalls and to remain within budgetary limitations.

**Overnight Trip Funding Request**

When planning to attend an overnight trip (i.e. conference) the funding for which exceeds funding allocations, you must submit an Organization Event Registration Form. For proper consideration and the planning of your travel, it is important to collect estimates for your total travel cost. This form should be used to help you evaluate possible shortfalls and to remain within budgetary limitations. Conference/event brochures must be attached for consideration. Proper travel protocol will be discussed with the club or organization on a case by case basis. Risk Management will be involved in all travel planning proposed by a club or organization.

**Delegate Contract**

In order to travel as a student delegate, you must complete and sign a Delegate Contract and all other forms required by St. Thomas University at least one month prior to travel.

**VI. FORMS**

All required forms are available through the SGA office located in the Center for Student Involvement.

**RESIDENTIAL LIFE**

**I. RESIDENCE HALL POLICIES, RIGHTS, AND RESPONSIBILITIES**

The following regulations are enacted to protect the general welfare and functioning of the residential community. The residential community is intended to support student in their education pursuits. Disrupting the educational mission of residence life or infractions of any regulations may result in disciplinary action including, but not limited to, fines, loss of privileges, change of residency, or dismissal from the residence halls. Student conduct, that is inconsistent with the goals and objectives of St. Thomas University mission, will not be tolerated. Residents are required to become familiar with, and abide by the provisions outlined and set forth in the Housing Contract, the Student Code of Conduct and any housing publications.

**Community Respect Statement**

Each resident shares the responsibility of creating an environment in which all residents are respected and valued – regardless of one’s age, weight, gender, orientation, disability, race, ethnicity, color, creed, national origin, cultural, background, socio-economic status, or religious affiliation or conviction. Each resident shares the responsibility for: getting to know people from different groups

**Sustainability Statement**

Residence Life fosters a culture of environmental sustainability and civic responsibility by educating individuals about their impact on the campus, local, and global communities. We seek to initiate actions and awareness to create sustainable environments and healthy social systems.

Sustainability refers to a pattern of resource use that aims to meet human needs while preserving the environment without degrading the economic, ecologic, or social systems that future generations will rely on for meeting their needs. Sustainability is also a process of continuous improvement where slight changes in habits and lifestyles along with new technologies can yield tremendous benefits for the community, the economy, and the environment.
Residence Life Sustainability programs are designed to help STU students make responsible and sustainable lifestyle choices that reduce the use of energy, water and limit waste; ultimately lessening the overall ecological footprint of our residence halls.

Hall Government
You have the opportunity to become involved with hall government in the Residence Hall Association Council (RHAC), which is the on-campus residence hall government. The RHAC functions as the programming and governing body for the residence hall. This also offers you an opportunity to get involved, to have a voice in how your residence hall operates, and to plan hall activities. Halls elect or select an executive board consisting of interested students who want to lead their hall. Meetings are open to all residents. Responsibilities of the hall council include: planning social, educational, recreational, cultural, and academic events; promoting and assisting in special campus events; and reviewing and supporting the hall policies in addition to those policies maintained by the University. Benefits from participating in hall council are numerous:
- Opportunities to develop interpersonal skills
- To enhance leadership skills
- Planning student activities
- To voice concerns about hall policies and procedures
- And provide an experience base that can be highlighted on your resume and can be utilized throughout your life.

General Guidelines for Successful Residence Life
College means different things to each person, but the one thing it means for most people is more freedom. You will be responsible for going to class, navigating around campus, and finding help where you need it. Adjusting to college life can be difficult, which is why STU offers a strong network of people, organizations, and services that will help you get involved and make the most of your college experience.

Even though you have attended school for most of your life, college differs greatly from what you have experienced. It is your responsibility to attend class and turn in assignments. Learning is a shared process between you and the professor. Professors create a syllabus for their class so that you know what assignments are due and what is expected of you. However, you are responsible for attending class, doing assignments, and meeting your potential.

For students who are looking to get involved outside of the classroom, the best place to start may be in your resident hall. Your resident assistant (RA) organizes hall events to create a sense of community and introduce you to different events and opportunities on campus. Sharing a room, possibly for the first time, can be tricky. Your RA can help you adjust to college residence life as well. If you have a roommate issue and need a moderator, your RA will help.

Additional tips for a successful Residential Life experience at STU are:

1. Avoid leaving fruits in your room – this will attract fruit flies and gnats; once they are in the room, they are very hard to remove. Throw the fruit away in the trash chute or outside.
2. Toilet and sink overflow – if there is a problem with overflow, the handles behind and below the toilet and sink will allow you to stop the water pressure. Residents will be responsible for all water damage.
3. Candy and food – do not leave food on the ground as this will also attract insects like ants. Once they are part of your room, they are very difficult to eliminate. Avoid this and do not leave food lying on the ground or under furniture.

4. Wall damage – do not put anything on the walls that sticks permanently or with double-sided tape; this will cause damage and you are responsible for the paint repair – e.g. bulletin boards, dry erase boards, etc.

5. Open windows and Air Conditioner (AC) – leave the windows closed when the AC is on!!! Failure to do so results in condensation near the vent of the air conditioning and may cause possible mold issues. Additionally, any damage caused is the responsibilities of the residents and may interfere with someone’s allergies. Generally, it is a good idea to keep the windows closed at all times to keep insects out and moisture reduced.

A. RESIDENCE LIFE AGREEMENT

1. When a student signs a Housing Contract (academic year-Long, both fall and spring semesters with the exception of Winter Break and any portions of the academic year remaining at the time this Contract is signed), the student agrees to respect and adhere to all policies and procedures pertaining to St. Thomas University housing and food service as outlined in the Student Code of Conduct, the Contract and other residence halls or University publications.

2. Each student is responsible for knowing these regulations and conducting themselves accordingly. Students who do not adhere to the University policies and regulations, as specified in the aforementioned publications, are subject to disciplinary action that may include the termination of their residence on campus.

3. Resident students are responsible for rule violations occurring in their respective rooms, whether they are present or not, or in common areas and may be subject to disciplinary action for such violations.

4. The University reserves the right to refuse to enter into any agreement for residence hall accommodations with any student.

5. Where the health, safety or academic environment may be impaired, the University reserves the right to make room changes which may include reassignment(s), to other residence areas or termination of residency. Students who are charged with a violation of regulations may be temporarily removed pending adjudication of charges.

B. OCCUPANCY

1. Occupancy begins when the student signs for the University room key(s) thus becoming a resident. Failure to return a University-issued room key within 2-hours after termination of room occupancy will result in a re-keying charge of the room(s). All withdrawals from the residence halls must be initiated in writing with the Office of Residence Life.

2. Occupancy of a room is limited to the assigned resident, the assigned space and to the period for which the housing fee has been paid. Questions regarding occupancy should be directed to the Office of Residence Life. Residents are not permitted to sublease space to another person. NO student is permitted to enter another student’s room without permission from an occupant. No student may sign out a key for another person’s room. University keys may not be duplicated, copied or transferred at any time except through the Office of Residence Life.

D. Students may not change or exchange rooms without prior approval from the Office of Residence Life.
E. Room keys are the property of the University and must be produced when requested by a University officer. All students are required to return the issued key(s) to residence life staff, when the occupancy period ends, during scheduled University residential housing closing periods (ex. Winter break) and are to leave their residences in a reasonably clean and orderly condition, and to follow the proper checkout procedures set forth by the Office of Residence Life. Failure to do so will result in an administrative fine in addition to damage fines, removal of items left in the room and the re-keying charge if necessary.

F. Upon entering at the beginning of the occupancy period each resident must complete a Room Condition Report with a Resident Assistant to indicate the condition of the room. At the end of the occupancy period the condition of the room will be assessed. If there is any damage to the room and its furnishings the students account will be charged accordingly.

G. When a residence hall room becomes half-vacant, the remaining resident may be required to consolidate into another half-vacant room. Failure to move by the required deadline may result in disciplinary action and/or fines.

H. Students who do not claim their room assignment by 5:00pm on the second day of classes, or who do not notify the Office of Residence Life prior to the first day of classes regarding their late arrival, will forfeit their room assignment. If the room has been forfeited, the Office of Residence Life will make a new assignment on a space available basis.

I. Damages to public areas of the residence halls, e.g. lavatories, hallways, lobbies, etc., are the responsibility of every resident on the floor and/or building. When individual responsibility cannot be determined, charges to the deposit will be assessed to all occupants of the floor and/or building.

J. Residents billed for residence hall damage during the academic year will have ten (10) business days to submit payment to the Business Office. Any student failing to complete payment in the prescribed time, or those who are continuous offenders, may be subject to immediate suspension from the residence hall.

K. Alterations of the physical structure, property, appliances or furnishings of the residence halls are not permitted without the written authorization of the Office of Residence Life. Draperies, tapestries, blankets, flags, towels or posters which are displayed on walls, ceilings, windows and doors in a manner which could facilitate ignition, block exits or fire detection units or present overhead fire hazards are not permitted. Draperies may not hang suspended from the doorway. Tapestries may not touch light fixtures, block a ceiling sprinkler or hang more than 16 inch from the ceiling. Draperies (non-housing issued) must be made of fire resistant materials.

L. Residents must vacate the residence halls within 24 hours of their last final examination or by the end of the occupancy period, depending on which comes first. During scheduled breaks students must leave their residence hall rooms by the posted date (ex. Winter break) and may not return before posted move-in dates. Residents who do not check out properly will be assessed fines for improper checkout, damages and removal of any remaining items or property.

M. Residents may not engage in any sport or sport related activities within the residence hall rooms, lounges, hallways, stairwells, or other public areas. Sports or sports related activities including, but are not limited to, Frisbee, floor hockey, golf, bowling, football, baseball, basketball, and soccer. Also, students may not use water pistols, super-soakers, or any other mechanism that emits projectiles, which includes, but is not limited to, paint guns and other similar items.

N. Before vacating the residence halls, whether at the end of the academic year, semester end, or for other reasons, residents must complete a proper check out with a resident assistant. Failure to check out properly will result in a $250.00 fine as well as any charges for damages
or removing items left in the room. The Office of Residence Life will be responsible for assessing damages to a room and making the necessary charges to the student’s account. In the event that individual charges cannot be determined, the charges will be split between the roommates. Proper check-out procedures information will be distributed towards the end of the academic year and is always available from the Office of Residence Life. Any items left in the room after checkout or the occupancy date(s) will be discarded.

C. ROOMMATE AGREEMENT

We highly recommend that you sit down with your roommate(s) to discuss the Roommate Agreement within two days of moving into your residence hall. The questions on the form will prove very helpful in generating discussion about the details of living together. If any disagreements should arise, you will be able to consult your roommate agreement form and make modifications if necessary to solve and avoid future problems.

Instructions:
Read and complete each item:

- Each roommate should make his/her individual response. Being honest will save time and minimize hurt feelings later.
- If responses to questions are different, discuss that difference and try to reach an understanding that all roommates can live with.
- Write down your agreements. If there are things not listed in the contract that you feel may be important to you, write them down and discuss them too.
- After the document has been signed, return it to your RA for safekeeping. You can request its return as needed and always renegotiate items by mutual agreement as necessary.
- If problems arise, start with discussion. If you want a mediator, utilize your RA, the Head RA or the Director of Residential Life.

Lockout Procedures

If a resident is locked out of their room they will be allowed one free “key in” provided an appropriate ID is validated. Failure to present an ID will result in denied room entry. Each time, including the first, a ticket will be given to the resident for the lockout. The second time and each time thereafter a fine will be charged; $15 fine for the first unlock; $20 fine for second unlock; $25 fine for the third unlock and subsequent unlocks. As a last resort, if no ID is available, go to the RA in charge of your floor for assistance. The loss of a key could result in the change of a lock, the cost of which will be charged to the student account.

Lockout schedule:
Midnight to 5pm – Call Public Safety at 305-628–6500
5pm to Midnight – Call the RA on Duty at 786-298–0741

Room Entry

The University reserves the right to conduct administrative checks or to enter any residents rooms for the purpose of health and safety inspections and to make improvements or repairs. Such checks include but are not limited to those made to inspect for the presence of unauthorized persons, to inspect for damages, to verify residency, to repair facilities, to inventory room appliances and furnishings, and to inspect for health and safety purposes. This may occur in cases of emergency or where there is a possible threat to life or property, where contraband or prohibited items are/were in view or where the general
welfare of hall residents or the university community is concerned. However, there are circumstances in which authorized persons using the approved procedures outlined below may enter a room or suite. These special cases include law enforcement, custodial services, safety inspections, room repair and maintenance, emergency situations, and probable cause searches.

- Any law enforcement agency having jurisdiction may, in performing its statutory duties, conduct a search in accordance with legally defined procedures governing search and seizure.
- Authorized university custodial personnel may enter residents’ rooms or suites to perform the routine custodial services provided as a part of a housing contract.
- Authorized university personnel performing safety inspections may enter a room or apartment to ensure that health, fire, and safety regulations are being maintained. Whenever possible, residents will be given at least 24-hour notice of these inspections.
- Authorized university maintenance personnel may enter a room to make improvements or repairs, to provide routine maintenance services, and to recover university-owned property.
- Whenever possible, residents will be given at least 24-hour notice.
- Authorized university personnel responding to an emergency may enter a room or apartment to protect a resident’s health and welfare or to make emergency repairs to prevent property damage.
- Authorized university officials may enter a room or apartment when there is probable cause to believe that violations of university or civil regulations are being committed and that a delay to procure a search warrant would endanger the health and safety of the residents, or result in the probable destruction of evidence. Probable cause means having reasonable grounds for suspicion, supported by circumstances sufficiently strong to justify a cautious person’s belief that a party is committing an illegal act.

Room Entry Procedures
When the room(s) to be searched is occupied, probable cause searches will follow these guidelines:

1. No student room or suite shall be entered without knocking, whether the door is locked, unlocked, or ajar.
2. The university official will identify himself or herself and state why entry is desired. If the door is closed, the official will then request that the door be opened.
3. If the door is not opened or the official is refused entry, the official will:
   a. knock again and restate personal identification and the reason entry is desired;
   b. state the intention to use a master key to enter if the door is not opened;
   c. wait at least two minutes to allow the occupant(s) sufficient time to awaken, dress, or decide rationally whether to allow entrance to the room or suite and then, if necessary, use a master key to enter; and
   d. state again, upon entering the room or suite, the purpose of the entry or search, the fact that it is being conducted on the basis of probable cause, and the identity of the specific objects being sought. Numbers 4 and 5 below apply whether or not the room or suite to be searched is occupied at the time of the search.
4. Only items that are specifically prohibited or that pose an immediate danger to the health and safety of the residents will be removed from a student’s room without the express permission of the owner.
5. The university official conducting the search is free to seize illegal materials in “plain view,” but the extent of the search must be in keeping with the factual information upon which the probable cause for the search is founded. If an extensive search is required (i.e., opening all drawers, luggage, and locked boxes) and the student has not given permission, the university should contact the Miami Gardens Police Department for a search warrant.
All evidence seized during searches complying with the above regulations may be used in university disciplinary hearings for violations of the Code of Student Rights, Responsibilities, and Conduct; evidence seized in violation of the search standards may not be used. A student who believes this policy has been violated should report the incident to the Office of the Dean of Students.

Other members of the university staff may enter student rooms under the conditions described in the St. Thomas University Residence Hall Housing Contract. When authorized university personnel or their agents must enter a student’s room or suite when no occupants are present, two staff members should be present, if possible. Students will be notified of such entries and the reasons for them upon their return. In all instances, such entries shall be made only for purposes listed above and in the contract.

**Villanova Hall and University Inn Cleaning Schedule**

The rooms of Villanova Hall and University Inn are cleaned on a rotational basis. Excessive amounts of garbage should not be left in the hallways, room or common areas. Please dispose of this excess using the trash chute located at the end of the hallway, or the garbage can outside your room.

**Laundry Facilities**

Washers and dryers are located in each residential complex. These are operated using MACGRAY Digital laundry. The facilities may be used only by residents. Laundry machines use credit card, debit cards or coins.

**Health and Safety Inspections**

In order to ensure clean, healthy, and safe living environments for both current and future residents, health and safety inspections are conducted once per month. All residential students are issued a mandatory 24-hour notice so that they can coordinate cleaning, health, and safety efforts within their bedrooms and/or suite areas. The Resident Life staff is authorized to enter bedrooms even if the resident(s) are not present, given that there was prior notification. Staff members will only inspect in pairs.

**Maintenance and Repairs**

If you find something in your room or residence hall that needs to be repaired go directly to the Residence Life Office to submit a work order. This work order will then be submitted to the Physical Plant who is responsible for making the repairs. For emergency situations, please call the RA on duty at 786-298-0741. Remember the Physical Plant is responsible for the upkeep and repair of the entire campus and will sometimes have priority issues where the repair is not an emergency. Please be patient as the Residence Life Office is not responsible for the timeliness of a repair.

**D. GUESTS**

Residents must escort all guests in the Residence Halls at all times. A resident’s right to privacy and comfort takes precedence over the community member's privilege to have a guest. It is important for roommates and suitemates to discuss visitation and to arrive at an acceptable agreement. As a resident you assume responsibility for the actions of your guests. If a guest is creating a disruption that affects a roommate, suitemate(s), other residents and/or the community, they may be asked to leave and you will be held accountable for their actions. Residents are subject to sanctions for the misconduct of a guest, and are liable for any damages caused by a guest. A guest is considered to be a non-resident student utilizing the room of a resident student as a place of leisure, learning or lodging. Residents may have peer age or sibling guests of the same sex overnight (overnight guest) at no charge for a maximum period of three
consecutive days and no more than five nights in a year. It is the resident’s responsibility to properly sign in guest(s) prior to the guest(s) being escorted into any residential housing facility.

Procedures to Check in a Guest

There are two procedures that MUST be followed in order to properly check-in a guest with Residential Life. If a guest is not properly checked in then they will be deemed to be on campus without permission and subject to immediate removal. Repeated violations will result in a ban from the campus. In addition, failure to observe these procedures by a resident will result in loss of guest privileges, possible sanctions, or other penalties. It is critical to the safety and welfare of the overall Resident Life community that these procedures be followed.

1. Prior to the arrival of your guest send an email from your STU account, with the full name of the guest, and your hall with room number in the “Subject Line” of the email to Public Safety at publicsafety@stu.edu and The RA on Duty at raonduty@stu.edu.
   For example, John Carter of Villanova Hall Room 232 wants to check-in Jane Garcia, a guest. The email subject line sent from John Carter to Public Safety and RA on Duty would read: Guest Check-in Jane Garcia Villanova 232.

2. Call the RA on duty and inform them of the name of the guest and hall number. The phone number for the RA on duty is: 786-298-0741.

E. ADDITIONAL GUEST POLICIES

1. A host or hostess shall be permitted to entertain guests only with the express permission of his/her roommate(s).
2. All guests must leave their IDs at the gate house and may retrieve them prior to leaving campus. St. Thomas University is not responsible for unclaimed IDs after guests/overnight guests leave the campus.
3. Residents are not permitted to have guests/overnight guests during vacation periods (including, but not limited to, summer and winter breaks), registration periods, exam periods, or other periods when formal classes are not in session.
4. The curfew for non overnight guests is 12 midnight Sunday through Thursday and 2:00 am Fridays and Saturdays.
5. All guests/overnight guests must be registered with the Resident Assistant on Duty and Public Safety.
6. Guests/overnight guests found without proper registration will be asked to leave campus immediately and the host may face disciplinary action.
7. The number of overnight guests permitted in any residence will be equal to the number of University beds in the room or apartment.
8. The host or hostess accepts full responsibility for his/her guest(s)/overnight guest(s).
9. The residence hall staff reserves the right to ask any guest/overnight guest to leave at any time. Failure to leave upon request will result in being escorted off campus by Public Safety and disciplinary action for the host/hostess.
10. In order to ensure adequate security in the residence halls, any member of the campus community or their guest(s)/overnight guest(s), must present proper identification to University staff members. Students are required to carry their St. Thomas University identification card with them at all times. Failure to present proper identification of oneself or one’s
11. guest(s)/overnight guest(s), or knowingly furnishing false information, is a violation of University regulation.

12. The Office of Residence Life is authorized to impose an administrative charge upon the assigned occupant(s) of a residence for each illegal overnight guest when it is determined that overnight guests or sponsors are in violation of this policy. The illegal overnight guest charge may be appealed, in writing to the Residential Life Office.

13. The University reserves the right to exclude visitors from any area on campus in time of impending or actual crises or emergencies, such as hurricanes, campus disruptions, and bomb threats, and to exclude any visitor(s) from any area of the campus for any reason the University deems appropriate.

14. A person who has been suspended or expelled from the University and/or University Housing for financial or disciplinary reasons or whose record prohibits admission without special clearance to the University does not have guest privileges on the University campus. Violators of this policy may jeopardize their re-admission status and/or may be subject to legal or disciplinary action by the University.

15. St. Thomas University residence halls are not public facilities.

Only STU students and their guests/overnight guests, and University officials, faculty and staff are permitted in these buildings. All others are forbidden from entering without authorization from residence hall staff. Violators may be subject to arrest.

Residents are permitted to visit other residents past visitation hours. The privilege of a visitor is dependent on the permission of all roommates. A visitor is defined as a current STU student that lives on campus at the time of the visit. Only one visitor is allowed per resident per room. Remember, a resident’s right to privacy and comfort takes precedence over the community member’s privilege to have a visitor. It is important for roommates and suitemates to discuss visitation and to arrive at an acceptable agreement. As a resident you assume responsibility for the actions of your visitor. If a visitor is creating a disruption that affects a roommate, suitemate(s), other residents and/or the community, they may be asked to leave and you will be held accountable for their actions. Residents are subject to sanctions for the misconduct of a visitor, and are liable for any damages caused by a visitor.

F. NOISE POLICY

In order to create an environment where a student’s right to sleep and study is given priority, general courtesy should be exercised at all times so noise does not interfere with the rights of others. Each student should expect to be able to sleep, study, converse, listen to the music of her/his choice, etc. within the privacy of her/his own room, reasonably free from disruption resulting from the activities of others. No time of day or day of the week may curtail these rights.

A uniform noise policy has been adopted by Residence Life and is summarized here:

- Noise, particularly sustained, must not be readily audible within the private living quarters of other students or the hallways.
- Instruments or amplification devices producing excessive volume, including, but not limited to subwoofers, are prohibited in the residence halls outside of designated practice rooms.
- The general noise level within the hall must be such that it does not interfere with the above-mentioned rights.
- Sustained, loud noise originating outdoors but audible within residence halls or other University buildings will not be allowed.
• Noise emanating from within one hall must not be audible within any other hall or University building.

**Courtesy hours are in effect 24 hours a day and 7 days a week.**

In all residential areas both inside and surrounding the residence halls, reasonable quiet is expected at all times. Quiet hours in all residence areas are:

Sunday through Thursday
9:00pm - 9:00am
Friday and Saturday
1:00am - 10:00am

During periods designated as quiet hours, noise should not be heard outside a resident's room in any direction (through doors, ceiling, walls, windows or floor). In the common areas of buildings, there should be no activity that would create a general disturbance to the community.

During the final exam period of each semester (beginning the night of the last day of class and lasting until the end of exams), a 24-hour quiet hour policy will be in effect in all halls.

Violations of the noise policy will result in a $20 fine for the first offense; second offense $30; third offense and subsequent $50 and possible disciplinary action. Students who repeatedly violate the noise policy may be removed from the residence halls, suspended from the University and subject to other disciplinary action per the Student Code of Conduct.

**G. POSTING POLICY**

Only recognized student organizations and University departments are permitted to post flyers/posters in the Residence Halls.

• All posted materials must specify the date, time, place, and sponsoring organization of the event/program.
• All materials must conform to the policies and procedures of St. Thomas University and the Office of Residence Life.
• All flyers/posters must first be approved by Residence Life.
• Posters will be approved for content, size, and appearance.

**H. SOLICITATION**

Organizations, groups, and individuals, including commercial sales persons, may not conduct sales promotions, sales, or solicit funds on campus. This includes fliers or promotional materials.

**NO DOOR-TO-DOOR solicitation will be permitted at any time by any group or individual.**

Students who observe any sales person from off-campus soliciting on campus or in any University buildings should report this to a Residence Life Staff member.

**I. SAFETY**

1. Tampering with or misuse of fire hoses or extinguishers, alarm equipment, smoke/heat detectors, sprinkler systems, emergency exits, windows, doors, and fire exit signs is prohibited.
2. Residents and their guests are required to evacuate any campus residence building when an alarm sounds, or when instructed to do so by a University staff member. Residents are not permitted to return to the residence hall until police, the fire department, campus security, or a University staff member gives authorization.

3. No student shall commit or aid in the intentional commission of an act which results in a fire being ignited which causes damage, or is intended to cause damage, to the property of the University or another student. This violation may result in disciplinary action and/or criminal prosecution.

4. Constructing, storing, possessing or detonating fireworks, combustibles, firearms, firearm parts, weapons, weapon parts, ammunition, gasoline, canisters, and other explosives are prohibited in the residence halls.

5. The use of sporting equipment, including bicycles, roller blades, and water guns are also prohibited.

6. Residents are required to comply with reasonable request or orders on behalf of the University. This requirement includes reasonable requests for students to meet with administrative offices and to participate in disciplinary investigations and hearings.

7. Residents may not throw objects from their residence halls or windows, or litter on University property. Trash must be discarded in designated receptacles. Littering may result in disciplinary action.

8. Gambling is not permitted in the residence halls.

J. WEAPONS

All types of guns (including paintball guns, airsoft guns, pellet guns, etc.), bows and arrows, tasers, and all other weapons are prohibited in residence halls. Any device that has the appearance and/or function of a serviceable weapon or is being used in a manner of a real weapon is also prohibited in the residence halls.

A “weapon” can be defined as any object or substance designed to inflict a wound, cause injury or incapacitate, or create a reasonable fear of harm, including but not limited to, all firearms, including air rifles and pellet guns; bow and arrows; ammunition; knives (other than kitchen knives); martial arts weapons; brass knuckles; explosives; and dangerous chemicals or poisons that are possessed with the intent to injure another or to cause damage to property.

K. APPLIANCES/FURNISHINGS

STUDENT HEALTH CENTER

The Student Health Center is dedicated to promoting health and well-being from the foundation of Catholic Identity guidelines for University communities. Our work is based upon the principles of Catholic Social Teachings and Catholic Health Care: the care and dignity of the individual, attending the needs of the marginalized and disenfranchised, respect for workers, care of the environment, and the promotion of peace and nonviolence in our world. At St. Thomas University, we have the unique advantage of providing an intimate, family education model, aimed at ‘developing leaders for life’. The Student Health Center staff generally holds a doctoral level certification, in addition to contracted health care services provided by Jessie Trice Community Health Center, Inc.

Mission Statement

The Student Health Center aims to promote the physical, emotional, behavioral, and mental health of students in a personalized, supportive, and professional manner as they prepare to become leaders for life in our global community.

SERVICES

Primary Health Care

To support the well-being of our students and in conjunction with our mission, the Student Health Center also offers services and programs in response to the physical health needs of the student including: Preventative Care, Screening, Men’s and Women’s Health, Immunizations and Refills. These services are
provided by a Registered Nurse and an Advanced Registered Nurse Practitioner through our contractual agreement with the Jessie Trice Community Health Center, Inc. Those individuals with medical concerns that require specialized diagnosis and treatment, or more comprehensive care are generally referred to a physician, clinic or hospital. Medical services received as a result of a referral are at the student's expense and based upon insurance provisions. Emergency medical care is obtained at Urgent Care Centers or hospitals. Transportation to these centers is usually provided by ambulances or, in less severe cases, students may arrange for their own transportation. Emergency and urgent care medical services are partially covered by students' health insurance. This includes ambulance services. For more information, please visit our web pages, www.stu.edu/studenthealth. You may also visit the center in person or contact us at 305-628-6690.

Counseling

The Student Health Center also provides students with assistance in addressing mental, emotional and behavioral concerns. Professional staff provides a variety of assessment, treatment and psycho-educational services. Services typically include brief psychotherapy, crisis intervention, referral programs, and psycho-educational resource materials. Through our comprehensive educational wellness programs, students may engage in “hands on” learning opportunities on special integrative wellness topics. The center also offers consultation services for faculty and staff to contribute to the overall goal of student success. Confidentiality is a foundational principle supporting our services.

Health Insurance

The University is pleased to offer our students an affordable health insurance plan, underwritten by Florida Blue. This plan provides worldwide health care coverage with access to Blue Cross and Blue Shield providers in all other states as well as worldwide. All full-time undergraduates (except Organizational Leadership and Health Care Management) and Law students are automatically enrolled in this insurance plan for the 2015-2016 academic year unless proof of comparable health coverage is provided online by the waiver deadline date. International students are required to purchase this plan and may not waive coverage. For complete details of the plan benefits, enrollment and waiver deadlines, please visit: http://aisstudentinsurance.com/stu-student-health-insurance-home. Both enrollment for the insurance and providing proof of alternative insurance must be done entirely online during the period of July 1st through August 28, 2015. Department of Athletics
DEPARTMENT OF ATHLETICS

St. Thomas University offers athletics programs through the National Association of Intercollegiate Athletics (NAIA) and is a member of The Sun Conference (TSC). Men’s teams compete in baseball, basketball, golf, soccer, tennis and cross-country; while women’s teams compete in basketball, softball, volleyball, soccer, tennis and cross-country. The University also has co-ed Cheer and Dance. Students who wish to participate in athletics at a NAIA member institution will need to be certified by the NAIA Eligibility Center in order to qualify academically and be cleared as an eligible student-athlete for competition. For more information and to register, log onto the NAIA Eligibility Center website – www.PlayNAIA.org.

Mission Statement

Intercollegiate athletics at St. Thomas University is a program built on the rich cultural and international diversity in the Catholic tradition and committed to the academic and professional success of its student athletes stressing the values of integrity, respect, responsibility, sportsmanship, and servant leadership in building Champions of Character and global leaders for life.

Department of Athletics Philosophy Statement

The President of St. Thomas University and the Department of Athletics firmly believe in supporting the academic progress of student-athletes and encouraging the values of respect for others, quality sportsmanship, and ethical conduct in amateur intercollegiate athletics. These are key values in achieving our mission of developing leaders for life. The President of St. Thomas University in cooperation with the Department of Athletics ensures that all student-athletes, athletic staff, and institutional personnel understand and practice the highest ethical conduct on and off the field or court and comply fully with all the rules of our Division. These values are the standards for all our fans, alumni, boosters, and the members of our immediate collegiate community at all events throughout the athletics program.

The Department of Athletics places a high priority on the health, safety, well-being and academic success of its student-athletes, and encourages the growth of well-balanced student-athletes in the student centered environment established by the University mission and its Catholic tradition. Participation in athletics facilitates the learning of values which improve the mental, social, physical, emotional, moral and spiritual development of student-athletes. These lifelong values teach teamwork, sportsmanship, and leadership. The Department of Athletics fully supports student-athletes and their efforts to meet their educational objectives and to maintain good academic progress toward their degrees.

In addition, the athletic programs afford student-athletes high-level, amateur athletic competition where they can challenge themselves on the field or court through equitable participation. Excellence in competition is always approached within the framework created by our Division’s constitution, bylaws, policies, and principles of sportsmanship. The Department of Athletics schedules the majority of its competitions with other members in its Division, within the University’s regional and geographical location. An equal opportunity to participate in intercollegiate athletics is provided for all students regardless of gender, race, ethnicity, religion, national origin and sexual orientation. Furthermore, the Catholic tradition and mission of the University ensures that all students have opportunities for volunteer service and community engagement in order to develop leaders who contribute in the region in which they reside.

Eligibility

Student-athletes will follow all eligibility guidelines that are set forth by the National Association of Intercollegiate Athletics (NAIA) and the Sun Conference (TSC), in addition to the University’s admissions
requirements. Whichever the most stringent rule will be the guideline to follow. **Graduate students that are interested in participating in athletics at St. Thomas University must have completed and received an undergraduate degree from St. Thomas University and be enrolled full-time in a graduate program according to the graduate admissions standards.**

In order to participate in athletics, student-athletes must maintain a minimum 2.0 overall GPA and pass at least 24 credit hours within the last 2 full-time terms of attendance. For specific NAIA rules, student-athletes and other interested parties should review the NAIA rules and procedures regarding athletics participation requirements at:

http://www.playnaia.org/

To remain eligible to participate in intercollegiate athletics, the following must be met:

**Entering Freshman**

An entering freshman student must be a graduate of an accredited high school or be fully accepted as a regular student in good academic standing as defined by St. Thomas University. An entering freshman is defined as a student who upon becoming identified with an institution has not been previously identified with an institution(s) of higher learning for two semesters or three quarters (or equivalent). An entering freshman must meet two of the three entry level requirements to participate in athletics at St. Thomas University:

a. Achieve a minimum of 18 on the Enhanced ACT or 880 on the SAT. The ACT/SAT test must be taken on a national or international testing date and certified to the institution prior to the beginning of each term in which the student initially participates (residual tests are not acceptable). The SAT score of 880 or higher must be achieved on the Critical Reading and Math sections of the SAT. The SAT score of 880 or higher must be achieved on the CRITICAL READING and MATH sections of the SAT. Scores must be achieved on a single test, and the test score must be sent directly from the testing center to the University and the NAIA Eligibility Center.

b. Achieve a minimum overall high school grade point average of 2.5 on a 4.0 scale (the NAIA requires a 2.0 GPA)

c. Graduate in the top half of your high school graduating class

PLEASE NOTE: ST. THOMAS UNIVERSITY ADMISSION STANDARDS MUST BE MET IN ORDER FOR STUDENT-ATHLETES TO BE ELIGIBLE FOR PARTICIPATION.

**Four –Year Completion**

Student-athletes have 10 semesters (or terms of attendance) in which to complete four (4) athletic seasons in a sport, whichever comes first. Student-athletes will be charged a term of attendance upon enrollment in 12 or more institutional credit hours. Summer sessions are not included, but night school, extension or correspondence courses are applicable to this ruling. Student-athletes’ eligibility begins when a student first registers for 12 or more credits or when a student athlete first competes (practices, scrimmages or contests) at any two or four year collegiate institution. These years are continuous. A student-athlete may be granted an extra year of competition if they are ill or injured and meet the criteria of the NAIA medical hardship, only if the student-athlete has the eligible semesters and/or seasons remaining.

**Twelve Credit Rule**

The NAIA and St. Thomas University require that a student-athlete must be a full-time student in order to participate. It must also be verified that the student-athlete is registered and fees are paid for at least 12 credits. Under University policy a student-athlete is ineligible to practice or compete during any time if:
1. He/she is registered for less than 12 credit classes
2. Registration or admission is canceled; or
3. Change in enrollment occurs

Changes in enrollment (e.g., petitions to add/drop courses, late enrollment, instructor drops, etc.) should be submitted prior to the published deadlines to ensure that records are accurate and complete. If a student-athlete drops a course, it costs credits toward graduation. A student-athlete is not permitted to drop a class without a signature from the Director of Athletics or Faculty Athletics Representative. This policy is designed to prevent a student-athlete from making changes in their academic schedule that may jeopardize their academic and/or eligibility status.

Progress Reports and Mandatory Bobcat Roundtables (Study Halls):
To ensure that student-athletes are making normal progress towards graduation, the Department of Athletics administers progress reports throughout the semester as part of the University's F.I.R.S.T. alert system. Upon receipt of this report, coaches meet with student-athletes individually. Reports are also generated throughout the semester via professors who deem students at risk. From these various reports coaches will mandate study hall. In addition, all freshmen must attend a 2-hour supervised Bobcat Roundtable once per week for a full year. This is outside of what the coaches provide. Transfer students must complete one semester of roundtables while all student-athletes with a 2.5 GPA and below must continue the roundtables until their GPA is above 2.5. These roundtables will provide an opportunity for advisement and orientation to college life.

Financial Aid/Grants/Scholarships:
Athletic teams are provided with a specific number of one-year renewable grants-in-aid (athletic scholarships) in accordance with budgetary restrictions and regulations. Athletic grants are awarded by the Office of Financial Aid upon the recommendation of the Head Coach and the approval of the Director of Athletics. Grant-in-aids are not reimbursements for services performed, but to help student-athletes with their educational expenses. An athletic and/or academic grant is restricted to covering educational expenses such as tuition, room/board and fees. All grants cover only a portion of the current academic year and do not include additional funding for summer or mini-semester term classes. All grants have a minimum GPA and full-time status requirement to receive such grants. For more information, see the Bobcat Enrollment Center. Athletic grants require certification of eligibility. If deemed ineligible, student athletes may lose their athletic grant (scholarship).

Academic Dishonesty:
Academic dishonesty is considered to be the representation of another’s work as one’s own, either directly or through complicity in falsification; cheating; plagiarism; facilitating academic dishonesty; or infringing on the academic rights of others.

All forms of dishonesty such as cheating, plagiarism, stealing or deceiving will be referred to your Coaches and Athletic Director. If found guilty, according to the Academic Conduct Code, the Dean of the School in which the violation occurred will submit a report to the Provost. Upon recommendation, the Dean of the School and/or Provost will inform the Vice President of the outcome. It is at this point that the student-athlete will be immediately removed from his/her sport and will no longer be eligible to compete in intercollegiate athletics.

Use the following as a guideline to make sure you are practicing proper conduct.

- Prepare thoroughly all assignments.
- Prepare thoroughly for all tests.
- Do not let other students copy from your work or tests.
- Discourage dishonesty among other students.
- Refuse to assist dishonest students who cheat or plagiarize or are dishonest in other ways.
- Know what academic dishonesty is and avoid any occurrence of it.

Department of Athletics Missed Class Policy
Student-athletes are not permitted to miss class time for sports practice at any point during the academic year. Student-athletes are not permitted to miss class time for competition or practice outside of the championship segment (the off season).

A schedule of games/competitions from the Faculty Athletics Representative will be emailed to all faculty for the fall, winter and spring sports indicating when student-athletes should be excused from class for games/competitions. **It is still the responsibility of the student-athlete to communicate with each faculty member, in advance, regarding missed class time and the class work that should be completed.**

Alcohol, Tobacco and Other Drug Policy

**Purpose**
The Alcohol, Tobacco and Other Drug (ATOD) policy of St. Thomas University (STU) is designed to promote healthy lifestyles. The ATOD policy is intended to protect the health and welfare of the student-athletes through education, monitoring, intervention, and when appropriate, punitive and rehabilitative measures. It is the goal of St. Thomas University’s Athletic Department to deter underage use of alcohol and discourage student-athletes from using illegal or performance enhancing drugs and/or controlled substances.

**Rationale**
The St. Thomas University Athletic Department (STUAD) is responsible for the protection of the health and safety of its student-athletes through prevention, intervention, and pertinent education on the abuse of substances that adversely affect their academic performance, athletic achievement, and/or well-being. The use of controlled substances, tobacco and alcohol can adversely affect their skills achievement, and poses a risk of serious injury to both themselves and others in the course of practice and competition.

It is the policy of the Athletic Department of St. Thomas University to create a drug-free environment in keeping with the spirit and intent of the Drug-Free Workplace Act of 1988. The use of controlled substances is inconsistent with the behavior expected of employees, subjects all employees, students, student-athletes, and visitors to the athletics department to unacceptable safety risks, and undermines the University’s ability to operate effectively and efficiently. In this connection, a student-athlete found with the unlawful presence of alcohol or a controlled substance in his/her system, unlawfully in possession of, using, selling, trading, or offering for sale controlled substances or alcohol while on St. Thomas University’s premises or during events associated with the Athletic Department, will be subject to disciplinary action up to and including discharge as set forth by the policies of the Athletic Department at St Thomas University.

The Athletic Department will develop and provide education seminars and programs in drug, alcohol and tobacco abuse and the dangers of addiction in line with this responsibility for the athletes’ well-being. The
seminars and programs will help identify those student-athletes requiring assistance. If necessary they will be referred to the appropriate counseling and treatment sources.

**Tobacco Use**

As a member of the NAIA, STU enforces the NAIA tobacco policy. The use of tobacco products is prohibited by all student-athletes and game personnel (e.g. coaches, athletic trainers, managers and game officials) in all sports during practice or competition. A student-athlete who violates this tobacco policy will be sanctioned as outlined by this STUAD Alcohol, Tobacco and Other Drug policy.

**First Offense**
1. An official warning issued by any STU staff member and/or game personnel.
2. The staff member who issued the warning will alert the student-athlete’s Head Coach and the Director of Athletics of the warning.

**Second Offense**
1. Expulsion from practice, game, tournaments and events

**Alcohol Abuse**

The STUAD recognizes that student-athletes who are cited for a Residence Hall/Campus Alcohol Violation or Driving Under the Influence (DUI) or Driving While Intoxicated (DWI) place themselves in danger and put the community at risk. The STUAD will take a proactive approach in discipline as well as seeking the proper medical and other professional assistance for these student-athletes. Any coach or athletics personnel that are alerted to the violation of a student-athlete for alcohol on campus, DUI or DWI is required to immediately alert the Director of Athletics. The Director of Athletics will then seek through the appropriate athletics personnel a plan of sanctions.

**NAIA Student-Athlete Substance Abuse Education**

To prepare for drug testing in 2017-18 at NAIA national championships, annual education will begin this academic year to promote student-athlete welfare and understanding of the NAIA policies. The education also includes Sexual Assault Prevention to assist in compliance with the federal SaVe Act requirements.

The NAIA performance enhancing substances education is designed to introduce and reinforce not only what substances are banned by the NAIA and their health impacts, but what can be expected with drug testing at national championships.

The program will be delivered through the existing NAIA Academy and comprise four progressive course that correspond with a student’s previous season of competition. Beginning in 2016-17, completion of the courses according to the student-athlete’s previous season of competition will be criteria for eligibility.

English As A Second Languages

The English as a Second Language (ESL) program is designed to help non-native speakers of English obtain the proficiency necessary to operate successfully in the higher education environment. The program provides a cultural orientation to the United States and to the higher education system. Students are tested at the time of registration and are placed into an appropriate level. Each program level takes one semester to complete. Grading for the courses is as follows: ESL 096R &W, 097R & W, 098R & W and 100R & W are graded on the Pass (P) and No Pass (NP) basis. ESL 111W & G are graded on the basis of A, B, C, D and F. Since language proficiency is being assessed, a minimum of a grade of B is required to pass these two courses.

English for Academic Purposes

Students placed in the EAP1660 and EAP 1640 High Advanced level courses which are taken contemporaneously or successively are assigned 6 academic credits. For undergraduates, three credits earned in the Advanced Grammar course, EAP 1660 may apply as a general elective, and the Advanced Writing course, EAP 1640, may be applied to the undergraduate General Education Requirements in the Humanities. International graduate students who are planning to enroll in the MBA, MIB, MA in Communications and the MS in Education or the ED.D programs are required to take both EAP 1660 and EAP 1640 courses, which are assigned 6 prerequisite credits which are not calculated in the graduate GPA.

consists of the following: personal information sufficient to identify the student as unique (name, birth date,
student identification number, and Social Security number when these are available); all courses in which
the student has officially enrolled with any letter grade assigned upon completion of the course; any

student was officially enrolled, whether for credit or not, with the letter grade assigned; any degrees

2. scanned the hard copy of the students’ original transcript and stored that image on compact disk.
Copies of the compact disks are stored in the Office of Records Management and to a remote

For each student enrolling at St. Thomas University as a new or continuing student beginning in January
1, 1982, the Office of Records Management of St. Thomas University maintains within an electronic data
file in the Datatel/Colleague database of the University a complete Permanent Record, of every student.
This file contains all data as identified as part of the Permanent Record in accordance with this policy. The
Office of Records Management staff will, under the direction of the Registrar, add to the record such new

semester-by-semester, and as the student progresses at the university.

Other Student Records

In addition to the Permanent Record contained in the electronic transcript, the Office of Records
Management will retain the paper record file (when a paper record exists) as a repository of admission
documentation and transfer transcripts of all students (except those taking courses in the St. Thomas
University Law School - see separate Record Retention Policy) or for at least five years after the students' last date of attendance or until the student receives a degree or certificate. Transfer courses accepted for degree credit are stored electronically within an electronic data file in the Datatel/Colleague database and are retained as part of the students' permanent academic record. Paper records which are not part of the students' permanent record may be kept for more than five years after the students' last enrollment as storage space permits.

Directory Information
The following information is considered “Student Directory Information” and is available to the general public unless the student requests that such information be withheld: name of student, major, degrees awarded, and dates of attendance.

Requests to have the information withheld must be made in writing to Student Success Center before the end of the third week of the semester.

Registration
Registration is a formal written procedure, which represents both a financial and an academic commitment. The obligations, which a student incurs by registration, remain unless a course is canceled by the university or the student officially withdraws from a course.

After registration, all changes of schedule must follow the formal procedure established by the Office of Records Management. This includes completion of a Change of Schedule form and submission for approval to the student’s assigned Professional Academic Advisor via Student Academic Planning. The changes become effective on the date it is approved by the student’s assigned Professional Academic Advisor in the Student Academic Planning.

Unless the official change of schedule procedure is followed, a student is financially responsible for those courses listed on registration form, and receives a grade for each of those courses.

**Stopping attendance of the registered course does not constitute official withdrawal, just as attending the course does not in itself constitute official registration.**

Add/Drop Period
Students may add classes during the first week of the semester term, as designated on the school calendar. No course may be added after the first week of the semester term.

Official Withdrawal
All withdrawals require completion of the online Change of Schedule Form, available in the student portal, and approval of the student’s assigned Professional Academic Advisor. Students may withdraw from courses without academic penalty until the eleventh week of the fall and spring as designated on the school calendar. Courses from which the student officially withdraws will appear on the transcript with a grade of W.

Application for Graduation
The student’s assigned Professional Academic Advisor may apply the student for graduation once it is determined that all requirements for the student’s first program of study have been met. In addition, a student may submit an Application for Graduation by the deadline indicated on the school calendar. The application is available on-line [https://www.stu.edu/BASIC/tabid/163/Default.aspx](https://www.stu.edu/BASIC/tabid/163/Default.aspx) Must click on FORMS.
While students may earn degrees and have the degree posted to the permanent record following Fall, Spring, and Summer semesters, there are only two Commencement ceremonies held in May and December. Students graduating in August may participate in Commencement in December.

**Participation in Commencement**

The University considers Commencement to be an academic event, and thus available only to students who have either met all requirements for graduation by the date of Commencement or is enrolled in courses which, if successfully completed, will result in all requirements for graduation being met by the date of Commencement. If a student is unable to participate in commencement, the student may participate in the next scheduled commencement. In such cases, it is the student’s responsibility to obtain their commencement robes at the time of their originally scheduled commencement.

UNIVERSITY LIBRARY
The University Library provides quality student-centered services and information that meet the needs of St. Thomas University’s students. We connect students with the tools necessary to become active, knowledgeable members of their chosen fields. The faculty and staff of the library support student learning and strive to engage students in an approachable, accessible, and supportive environment. The library also hosts a variety of activities and events designed to appeal to student interests and encourage student pride, participation, and active engagement in a range of issues.
Using our E-Research gateway, students can access to over 275,106 journals, magazine, streaming videos, and newspaper full-text titles in digital format and over 223,000 e-books. The Library also has an in-house collection of over 250 print journal and newspaper titles. Access to these collections and services is available from any computer on campus, and from home with your University email user name and password. The Library faculty and staff will be happy to teach you how to use these powerful products in person, by e-mail, chat, or over the telephone.

At our downstairs wireless Internet café, the Library sells numerous styles of American coffee, tea, and hot chocolate. All beverages are $1, and proceeds help us provide best-selling fiction, music, and DVD movies for students. Flat screen televisions are located in the café, and café style seating for group work and hanging out with your friends.

Our research computer lab is adjacent to the Reference Research Help Desk on the first floor. This is where you can receive professional help in electronic and print research, as well as assistance developing ideas for your research projects. The Reference Desk phone number is 305-628-6668.

Upstairs, the library building houses two additional computer labs. All incoming freshman will receive library and electronic research instruction through the UNI-101 course in the Information Literacy Lab. More advanced research instruction will occur through upper level classes using databases and print material relevant to specific subject areas and assignments. Librarians also teach students how to use bibliographic software to easily create research papers with endnotes or footnotes.

The entire library building is a wireless computer network, and physical laptop computer plug-in connections are also on the first and second floors. Outside the Library, wireless seating around the lake has electricity and Internet access for 48 people studying alone or in groups. The Library also offers three study rooms for small groups that can be checked out at the Front Desk.

The general collection on the second floor is where you will find books you can borrow and take home by presenting your valid student I.D. Books are loaned for a period of one month and maybe renewed for another month unless another person needs the book. The desk at the entrance to the library is where you will present your student identification card before taking your book; it also is where you will find reserve items (articles, books, videos, etc.) placed for you to use by your professors. The Front Desk also is where you pay library fines (.25 cents per book for each day late; $2.00 per hour for reserve items). The desk phone number is 305-628-6667.

If we don’t have the book or article you’re looking for, the Library provides interlibrary loan services. Material can be delivered here from other libraries throughout Florida and across the United States. The time frame for this service ranges from 3 days to over two weeks. Electronic forms for making book requests are available from the interlibrary loan link on the Library webpage, or you can receive assistance at the Reference Desk. When the books or articles arrive, you will be notified to pick them up at the Front Desk.

The Library building provides a FAX machine in the Reference Desk area and a copy machine exist immediately outside the Reference Desk area. Copies are .10 cents each. Dollar bills are accepted and the machine provides change after one photocopy is created.

Regular University Library hours (Fall, Winter, and Spring) are:
Monday–Thursday 8:00am - 2:00am
Library hours are posted at our website, and students should check this periodically to keep track of holiday hours. Whether you’re visiting us for your research needs, a stroll through our upstairs Atrium Art Gallery, a visit to our Internet café, or to use our laptop connections or study with friends, stop by and say hello. We’re here to help you.

Children in the University Library:

The University Library is not designed for minor children. Children may cause distraction for the faculty, staff, and students who are working and studying in the library, and library staff may not and will not watch, supervise, or care for any minor. Children who are not accompanied by an adult who is responsible for the child will be reported to security. The University will attempt to accommodate St. Thomas University students with children, but they must follow faculty and staff directions. Children who are accompanied by an adult may not be allowed to be logged into a computer, and library faculty and staff may require adults with children to check out a study room if one is available to reduce the distraction of others. Adults with children who do cause a distraction will be asked and required to leave the library building.

CAMPUS MINISTRY

Campus ministry, driven by a Catholic identity at St. Thomas University, recognizes four essential Characteristics and uniqueness of a Catholic University highlighted in the Apostolic Constitution Exorde Ecclesiae – On Catholic Universities (Par. 13): 1) Christian Inspiration: Not simply individuals, but the Catholic university as a whole; 2) Faith Reflection: In the light of the Catholic Christian faith upon the growing treasury of human knowledge; 3) Fidelity to the Christian Message: In order to transmit the Christian message; 4) Service to the Church and Humanity: keeping an institutional commitment of service to the people of God and to the whole human family. The word “Catholic” means universal. Therefore, Campus Ministry, composed by faculty, staff and students, it is also sensitive to the ecumenical and interfaith dimension of the University’s population by “welcoming people from all religious and humanistic traditions (The Uniqueness of a Catholic University, Part I).”

Mission Statement
The Mission of Campus Ministry Staff at St. Thomas University is geared towards the Church’s Mission of New Evangelization and discipleship in which Pope Francis calls forth opened hearts to reflect on God’s love and the joy of the Gospel, so these hearts invite and lead others to “going forth”, tell the story and live out the Gospel. This Mission has been identified in the formation of student peer ministry leaders who are mentored by the Director of Campus Ministry and the Campus Ministry Staff at STU, so they can lead and participate in the different initiatives that ignite faith on Campus and beyond (their families, circles and own communities of faith). The staff invites all the community to participate by bringing different gifts and talents that enrich the community at St. Thomas.

Structure
Since the Academic year of 2014-2015, Campus Ministry personnel operate under the following structure:

1. A trained-Lay Member of the Church who exercises the role of Director of Campus Ministry: This person oversees the Campus Ministry Programs, planning and its personnel.
2. An ordained Priest from the Archdiocese of Miami who exercises the role of Chaplain, leading the community in the liturgical celebrations (Masses and Sacraments).
3. A Graduate Assistant who assist Campus Ministry programs (such as Young Adult group, retreats, Bible Studies) and in the Office of Campus Ministry.
4. Two work undergraduate students who assist with the ministry of coffee and clerical matters at the Office of Campus Ministry.
5. (New in 2015-2017): Two-Four FOCUS (Fellowship Of Catholic University Students) young adult missionaries who report directly to the Director of Campus Ministry and work full time in the mission of evangelization and discipleship on Campus.

Vision

In view of the ongoing needs of the community to take Campus Ministry to the next level, Campus Ministry is envisioning a vibrant Campus Ministry based on relationships, discipleship and new evangelization and where the Eucharist and the Sacramental Life of the Church reaffirms its essence as the center and “the summit” of the community. College students are young and full of gifts and talents. They have so much to offer to the world if they are listened and mentored. This is only possible through personal relationships that eventually build sustainable friendships and life-long commitment to their faith.

Campus Ministry has identified that staff and faculty members are mentors in the student’s journey. Campus Ministry Staff has taken seriously the task of empowering few student peer ministry leaders who lead youth programs, prepare in the gospel and eventually invite their friends. For this reason, beginning in the academic years of 2015-2017, Campus Ministry at St. Thomas University will count with the support of FOCUS missionaries (Fellowship of Catholic University Students) who are recent college graduates and work under the Office of Campus Ministry. These young Missionaries will be a great support to current student leaders in the ongoing task of establishing one-on-one relationships with the students and eventually invite them into a growing relationship with God, equipping them for a long-life relationship with Christ and friendship.

Campus Ministry Values and Programs

The mission and vision of Campus Ministry at St. Thomas University is based on the following three goals and programs:

Relationships

Recognizing the Sacramental call to love, compassion, care and solidarity with one another and the stranger, with a call of transformation. Ministry is built person to person. “Missionary renewal” requires “personal dialogue, when the other person speaks and shares his or her joys, hopes and concerns for loved ones, or so many other heartfelt needs (The Joy of the Gospel, 128).” This is possible through Ministry of presence and collaboration at the University events organized throughout the school year.

Evangelization

Reaching out one-on-one and igniting in faith through small faith sharing groups (one-on-one prayer, small bible study groups, small Lectio Divina groups and personalized retreats).

Explicit catechesis and formation

Inviting students who are following to a deep relationship with God and knowledge of the faith (through programs included but not limited to: RCIA –Rite of Christian Initiation of Adults, Schools of formation and training, growing in the Faith, Young Adult Group, Retreats).

Discipleship

Student leaders are invited to take the leadership in programs such (small bible studies, lectio divina groups, Spirit nights, young adult nights, retreats talks and training facilitation) and invite other friends who will lead eventually.

The Office of Campus Ministry and its staff work in the organization of the liturgical celebrations and
Masses that happen at The Chapel of Saint Anthony at St. Thomas University. These liturgical celebrations are those such as daily Mass (Monday through Friday at 12:15pm) and Sunday Mass (7:00pm). Moreover, the Campus Ministry team is attentive to the liturgical celebrations that bring the seasons of Advent, Lent, Holy Week and Easter within the Catholic Church. Campus Ministry works in the organization of yearly celebrations such as Mass of the Holy Spirit, Baccalaureate Mass, Orientation Mass, Hispanic Heritage Mass, and International Mass. In addition, the Office of Campus Ministry and its staff extend solidarity with St. Thomas University students who observe feasts and religious holidays from other faith traditions.

The Chapel is open throughout the day and provides our university community with a quiet place for private and communal prayer, worship and reflection. The chapel is also the place where liturgical and sacramental celebrations such as Mass, baptisms and marriages take place. The Staff collaborates with other departments and student’s organizations in the planning and initiation of prayer services, opening prayers, faith sharing groups, workshops and also advises in matters related to the building of the community of faith at St. Thomas and the spiritual needs of the students, faculty and staff. The Campus Ministry staff encourages all Students, Faculty and Staff to visit the office and learn about how the ministry can help during their journey at St. Thomas. The Campus Ministry Staff welcomes each person with open arms and invite the community to take a few minutes and enjoy a cup of coffee in the Campus Ministry office! EMERGENCY MANAGEMENT

St. Thomas University’s Office Physical Plant’s Risk Management, Environmental Compliance, and Emergency Management works with local, regional, state and federal partners as it focuses on emergency preparedness, prevention/mitigation, response and recovery. STU’s Crisis Management Team members have been trained on the Incident Management System, conducted a vulnerability assessment, developed comprehensive emergency management plans, tested and exercised plans and, installed an emergency notification system. Homeland Security grants in 2010 and 2013 have enabled the University to further enhance its emergency notification system and to implement intrusion detection software, a key information technology component in an era of ever-increasing concern about cyber-security. The University’s emergency management plans enable it to address all-hazards and, it has specific annexes for persons with disabilities; preventing violence on campus and; infectious diseases. The University is prepared for and has mitigated against damage from hurricanes by installing hurricane shutters/impact glass on key facilities (e.g., classroom buildings, cafeteria and residence halls). All registered students, faculty and staff receive emergency alerts via the STUAlert! portal, which is regularly tested. The Student Behavioral Assessment Team reviews admission applications and individual cases, as needed. Resident Assistants comprise our Community Emergency Response Team (CERT Team), while Building Emergency Coordinators/Alternates are assigned to each building. The University complies with the Jeanne Clery Act and, the 2011 Higher Education Opportunity Act. Visit www.stu.edu/emergency for the location of Emergency Phones, Automated External Defibrillators (AEDs), External Areas of Refuge and to learn about Thor Guard, our lightning prediction system, as well as other resources. Safety and Security is Everyone’s Responsibility!

DEPARTMENT OF PUBLIC SAFETY

Public Safety is responsible for the physical security of all the university buildings, property and facilities; the safety of the faculty, staff, students and guests of the University, and enforcement of campus parking and traffic regulations. In addition, the Public Safety Department maintains close cooperation with local law enforcement agencies and fire and rescue agencies. Public Safety officers support the residence hall staff in the enforcement of campus standards. They are also instrumental in the presentation of materials and programs regarding crime prevention and personal safety.

Students are reminded that they share in the responsibility for the security of their belongings, their rooms and the building in which they live. If any student encounters vandalism, or suspicious behavior, threats, or has a concern that his/her right of privacy is not being upheld, he/she should contact the office of Public Safety immediately at extension 6500 or the on-duty resident assistant. The best security is being aware of your surroundings and any unusual differences within your surroundings.
Effective August 1995, the St. Thomas University Campus became a closed campus. In order to gain admittance to the campus you must have a valid STU parking decal and student ID, be a guest or visitor of a student, faculty/staff member or be attending an approved contracted class. Students entering campus in a vehicle without a valid parking decal must utilize the 'visitors' lane so as to be issued a temporary parking pass for that day. When requested, visitors must produce proper identification, vehicle registration or proof of insurance prior to entering. Anytime there is a question regarding the legitimacy of the visitor or vehicle, admittance will be denied.

Residence Hall Safety

Students are advised to be security conscious and to work toward community awareness in this area. Students should be cooperative with residence hall staff, public safety personnel and other campus administrators involved with ensuring the safety of the residence halls.

Normal precautions, such as the following, are suggested:

1. Lock your doors at all times, even when you are just going next door or to the bathroom. Most thefts occur in less than one minute.
2. If you observe individuals who do not belong in the residence halls, contact the Public Safety Office immediately ext. 6500.
3. Strangers should not be admitted into the dorms.
4. Solicitation is not permitted in the dorms- If solicitation occurs, contact Public Safety immediately ext. 6500.
5. Keep cash and jewelry in a locked drawer, cabinet or closet.
6. Never prop doors open, especially fire doors, even for a short time.
7. In a residential hall, screaming can sound like partying. In an emergency, be specific by shouting, “HELP,” “POLICE,” or “FIRE.”
8. Keep your blinds closed to avoid advertising your life.
9. Do not carry personal identification on your key chain.
10. Do not give your keys or your student ID to anyone including your room and building mates.
11. Maintain on file serial numbers of all personal equipment.
12. Engrave valuable equipment with a driver’s license number or student identification number.
13. Copy all important papers and cards that are in your purse or wallet. Keep the copies in a safe place; the information will be invaluable if they are lost or stolen.
14. The University cannot be responsible for loss due to theft, fire, etc. Students are encouraged to obtain renters insurance if they are not covered by their family's policy.

Emergency Procedures

Sexual Assault

a. If you are a victim or witness of a sexual assault GET HELP QUICKLY!
b. Go to a safe place, dial 911 or 6500 immediately.
c. Information to give to the officer: who, what, when, and where the situation is.
d. Do not disturb anything in the area where the assault occurred.

Campus Safety:

a. Avoid working or studying alone in a building at night.
b. Avoid walking or running alone at night near dark or wooded areas.
c. Avoid using stairs in remote sections of a building.
d. Keep personal belongings in view while in class, the library, or lab.
e. When in an elevator, position yourself next to the controls. Having a stranger in control of the emergency stop switch could be dangerous.

Fire Safety/Dorm Evacuation

1. If the fire alarm sounds:
   a. Before leaving room touch door to see if it is hot. If hot stand by the window.
   b. If the door is cool to the touch, exit carefully and proceed to the nearest exit.
   c. Leave the building as quickly as possible.
   d. Do not stop to retrieve personal possessions or make phone calls.
   e. Use the evacuation route according to posted building evacuation plans.
   f. If debris falls around you, get under a sturdy table or desk until it stops.
   g. Leave quickly but watch for weaken floors, stairs and falling debris as you exit.
   h. Close doors behind you.
   i. Move at least 500 feet away from the building after you evacuate and proceed to the designated meeting place.

2. If there is a fire:
   a. Pull the fire alarm.
   b. Stay low to the floor and exit the building as quickly as possible.
   c. Cover your nose and mouth with a wet cloth.
   d. When approaching a close door, use the back of your hand to feel the lower middle, and upper parts of the door.
   e. Never use the palm of your hand or fingers to test heat; burning of these areas could hamper your ability to escape a fire (i.e. ladders and crawling).
   f. If the door is NOT hot, open slowly to ensure fire and/or smoke is not blocking your escape route. If your escape route is blocked, shut the door and use an alternate escape route, such as a window. If that route is clear, leave immediately. Be prepared to crawl as smoke and heat rise. The air is clearer and cooler near the floor.
   g. If the door is hot, do not open it. Escape through a window. If you cannot escape, hang a white or light colored sheet outside the window, alerting fire fighters to your presence.
   h. Heavy smoke and poisonous gases collect first along the ceiling.
   i. Stay below the smoke at all times.

ATM Safety

a. If possible, have another person accompany you when using your ATM or making a night deposit.

b. After dark, use an ATM/night deposit that is well lit. Try to use a drive up or one inside a supermarket, when possible. When at a drive-up ATM, lock your vehicle doors. Take your keys when you leave your car.

c. Be alert and cautious of anyone loitering around the ATM/night deposit.

d. Always have an emergency plan of action in your mind. And stay alert to everything that is going on around you.

e. Complete your transactions quickly, put your money away and leave immediately. Always take your receipt as it has your account number on it.

f. Protect the Personal Identification Number that you use with your ATM. Do not write it on the card, and stand in front of the machine when entering the number so no one can see it.
Personal Safety in Your Car

a. Always keep your car doors locked.
b. Never give strangers a ride, even if they claim to be students.
c. Check the back seat before entering a car.
d. Keep your vehicle properly maintained, and try to always have at least a quarter tank of gas.
e. Put valuables in the trunk, not on the seats.
f. Be sure that you have a good spare tire and a jack.
g. If you break down, wait with your vehicle and ask a passerby to call AAA or the police. Don’t accept a ride with a stranger.
h. If you feel that you’re being followed, reroute your direction of travel toward a well-lit public area, preferably a police station.
i. Keep a copy of your vehicle registration in your vehicle; keep the original at home.

Parking and Auto Registration Policies

Parking

Each student is responsible for operating the vehicle in a safe and courteous manner on the St. Thomas University campus. Students must adhere to all traffic and parking signs. Parking of any motor vehicle on the grass, medians, sidewalks, and places not designated as parking areas is illegal.

All traffic control signs posted on campus property are to be obeyed as stipulated in the State of Florida Driver’s Manual. St. Thomas University will adopt and implement the directives set forth in each of the Florida Statutes regarding the operation of a motor vehicle on public regulated roadways with regards to traffic control signage, and apply it to the directives set forth to regulate motor vehicles operating on campus property.

A maximum speed limit of 20 MPH will be enforced on the campus at all times. Speeding, failing to stop at stop signs, and failing to obey informational signs will be considered moving violations and citations will be issued accordingly. Motorcycles and mopeds will follow the same rules as automobiles for registration and operation on the St. Thomas University campus. See item #24 of the Student Code; section VII Violation of University Standards.

Every St. Thomas University student who operates a motor vehicle on the university campus must register his or her vehicle. Registration requirements are: a valid driver’s license, a valid STU student ID, proof of vehicle insurance and proof of vehicle registration. Students using more than one vehicle must register each vehicle. Vehicle registration must be done within the first two weeks of classes, and may be handled at the gatehouse. See item #8 of the Student Code; section VII Violation of University Standards.
Auto Registration

Upon registering a vehicle each student is then issued a parking decal, which is to be fully affixed to the outside of the lower left corner of the rear windshield in a manner to permit quick inspection by security officers. Failure to register a student vehicle by the 10th day of classes in any term will possibly result in a late registration fee penalty and the possibility of having the vehicle towed from the St. Thomas University campus. Students will be responsible for the towing fee as well as impound fees.

Vehicle Repairs and Towing

To ensure the safety and well-being of students, faculty and staff personnel, Public Safety and campus maintenance personnel are prohibited from performing any vehicle repairs, towing, or lockout procedures. However, vehicle repair accommodations have been made to assist university personnel 24 hours a day, 7 days a week through a local vehicle towing and maintenance shop. Please contact the St. Thomas University Department of Public Safety Office at ext. 6500 for assistance.

Escort Policy

The St. Thomas University Public Safety Department provides an escort service for students, staff and faculty whose circumstances require them to travel alone on campus, in isolated areas after dark, during times of low activity on campus or whenever there is concern for one’s own personal safety. Because of the various patrol functions required of the officer, there may sometimes be a short waiting period.

The purpose of the public safety escort is to provide a safe means of transportation for the St. Thomas University campus during evening hours. This may be done by foot or by car within campus boundaries. The boundaries include all University facilities within the gated community.

Evening escorts are available between the hours of 7:00pm until 6:00am daily.

1. Escorts are limited to only three riders at a time. After placing a call for an escort proceed to the pickup location. Important to note: riders must provide the specific location for pick up and must be at the designated location within 10 minutes of the request.
2. Escorts are done between campus boundaries only. There will be no off campus escorts.
3. Escorts are provided after curfew from the gate house to the residence halls. No drop offs by visitors after curfew.
4. Escorts are done between one campus building to another or from buildings to parking lots.
5. Escorts are not to be utilized for the purpose of moving students' possessions.
6. All escorts should be done on a timely basis. There will be times when a student will be informed that officers are in the process of their duties and students may have to wait for their escort.

Please contact the Office of Public Safety at ext. 6500 to request escort service. For more information log onto: http://www.stu.edu/
Academic Code
ACADEMIC CODE OF CONDUCT

St. Thomas University, Florida’s Archdiocesan Catholic University, adopts the fundamental vision of the Judeo-Christian tradition and the Catholic faith, and values the wisdom to be found in the Bible and in other church teaching. St. Thomas seeks to establish a Judeo-Christian environment in which all may develop spiritually as well as intellectually.

The academic community places the highest value on truth, the quest for knowledge, and respect for others in an atmosphere of academic excellence. Both faculty and students are expected to maintain the highest standard of academic honesty and present work that is genuinely their own. Academic dishonesty undermines the establishment of the Judeo-Christian environment sought by St. Thomas. Therefore, faculty and students will neither commit nor tolerate cheating, plagiarism, or any other form of academic dishonesty.

How does one implement the value of Academic Honesty?

1. Know what academic dishonesty is and avoid any occurrence of it.
2. Prepare thoroughly for all assignments.
3. Prepare thoroughly for all tests.
4. Do not let other students copy from your work or tests.
5. Discourage dishonesty among other students.
6. Refuse to assist dishonest students who cheat, plagiarize, or are dishonest in other ways.

ACADEMIC DISHONESTY

What is Academic Dishonesty?

Academic dishonesty is considered to be the representation of another's work as one's own, either directly or through complicity in falsification; cheating; plagiarism; facilitation of academic dishonesty; or infringement on the academic rights of others. Instructors show responsibility toward the prevention of academic dishonesty by explaining to students what constitutes academic dishonesty within the particular requirements of a course.

Areas of Academic Dishonesty

1. Falsification is the intentional and unauthorized invention or fabrication of any information or citation in an academic exercise. An example of falsification includes but is not limited to making misrepresentations about facts in a report for a class.
2. Cheating is intentionally using or attempting to use unauthorized materials, information, or study aids in an academic exercise. Examples of cheating include but are not limited to:
   a. Looking at notes or another student’s examination during a test or allowing another student to do so. Tests and examinations are considered original work unless working together is expressly permitted by the instructor.
   b. Copying homework assignments from another student or source when not permitted by the instructor or giving your homework to another student to copy.
   c. Submitting as your own work any academic exercise prepared by someone else.
d. Submitting the same paper in two or more courses without the permission of the appropriate instructors.

e. Having another student take your examination or do/prepare your assigned work.

3. Plagiarism is intentionally or unintentionally representing the words or ideas of another as one's own in any academic exercise.

Examples of plagiarism include but are not limited to:

a. Presenting assignments, such as course preparations, examinations, tests, projects, and term papers, which are not original work of the student. Original work of the student may include thoughts, ideas, and words of another author only if their source is acknowledged using normally accepted standards.

b. Using information from printed/video/audio materials produced by others and presenting it as your own.

c. Altering thoughts or writing of others to make them appear as one’s own. Purchasing, rewriting, or stealing a paper and making it look as if it were your own.

4. Facilitating academic dishonesty is intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

Examples of facilitating academic dishonesty include but are not limited to:

a. Giving or selling a term paper or project to another student.

b. Stealing a term paper or project for the purpose of giving or selling it to another student.

c. Taking an exam or preparing work for another student.

d. Offering money or a gift to a faculty member or anybody else in an attempt to gain an academic advantage.

ACADEMIC DISCIPLINARY COMMITTEE

This committee is appointed at the beginning of the academic year to hear student appeals. The committee is comprised of one faculty member from each School/College appointed by the Dean of that School/College and the student body President. The decision of this committee is final and should be immediately communicated to the Dean of the School/College whose decision was appealed.

PROCEDURES TO BE FOLLOWED IF A STUDENT IS ACCUSED OF ACADEMIC DISHONESTY

Offense Involving A Student Grade

In the case where the charge of academic dishonesty involves a grade for the student in a specific course or program the procedure to follow is:

1. If there is reason to suspect that a student has violated the Academic Conduct Code, the instructor must discuss, in private, the charges and evidence with the student.

2. If the instructor is satisfied that the charges are justified, a grade of "F" may be assigned to the work of the student, or if the instructor is convinced that the act of academic dishonesty is sufficiently serious, the student may be given the grade of "F" for the course. The instructor will notify the student of the decision. If the student does not appeal this decision, then no further action is necessary.

3. If the incident is not resolved, the student must appeal in writing to the Chairperson or the Dean’s Designee for consideration. If the incident is unresolved, the Chairperson or the Dean’s Designee
will communicate the incident to the Dean of the School/College in which that course is offered, who will issue a decision within 15 days.

4. The student will have the right to appeal the decision of the Dean in writing (within 30 days of the Dean’s decision) to the Academic Disciplinary Committee and to have a hearing with the Dean present or anyone else the Committee Chairperson deems appropriate. All parties will be afforded the opportunity to present evidence and argument on all issues involved. The decision of the Academic Disciplinary Committee is final.

Offense not Involving A Students Grade in a Course

1. When the academic dishonesty involves more than the grade in a course, the offense is reported to the Dean of the School/College. The Dean must discuss, in private, the charges and evidence with the student. In situations where more than one School/College is involved, the offense is reported to the Associate Provost.

2. If the Dean/Associate Provost is satisfied that the charges are justified, the appropriate administrator will notify the student of the decision and penalty within 15 days.

3. The student will have the right to appeal the decision of the Dean/Associate Provost in writing (within 30 days of the notification of the decision) to the Academic Disciplinary Committee and to have a hearing with the academic administrator present or anyone else the Committee Chairperson deems appropriate. All parties will be afforded the opportunity to present evidence and argument on all issues involved. The decision of the Academic Disciplinary Committee is final.

If, at any stage, the student is found innocent of the accusation, no further action will be taken, and there will be no evidence of the incident recorded in the student’s record.

If the student is found to be guilty of academic dishonesty sufficient in magnitude to result in expulsion from the university, a record of the incident will be placed in the student's academic record in the Office of Records, Registration and Academic Computing by the Dean. If the student is allowed to re-enroll in the university and completes his/her degree/certificates successfully without further violation of the Academic Code, the record of the incident will be removed from the student’s file upon degree/certificate completion.

ATTENDANCE POLICY

Beginning July 1, 2011, any institution that requires the faculty to take attendance for any part of the semester, now is defined as an institution required to take attendance and the institution must return any unearned Title IV funds within 45 days of the student’s last actual date of attendance. In addition, we can no longer use an official withdrawal as the last date of attendance. The institution must document a student’s unofficial withdrawal (last date of attendance) and maintain that documentation.

Beginning July 1, 2011, attendance is course specific. In addition, the definition is somewhat different for regular courses which meet in a classroom and distance education courses. For regular classroom courses, the student can attend the class, turn in an assignment or engage in any interactive course related activity with the instructor. The requirement to demonstrate attendance is engaging in a current course activity.

To be counted as in attendance for an on-line course, the student must actively respond to a current activity in the course. No longer will logging on or submitting a previously assigned paper or project be
considered as attending the class. The U.S. Department of Education has decided that this does not in any way identify the individual as the person who will receive the credit for the course. These changes will impact A-term courses and cohort courses where the individual courses do not span the full semester. Previously, we treated these courses like all other courses. However, beginning July 1, 2011, any student who stops attending a compressed course is not registered for and attending some other course, and does not confirm that they plan on attending another modular/compressed or regular course within 45 days, will be considered withdrawn. This change implies that institutions can no longer assume based on an earlier registration, that the student will attend a later compressed course if they stop attending a current course.

Prior to July 1, 2011, attendance for Distance Education Courses could be demonstrated simply by logging into the course or submitting an assignment electronically. However, as the next step implementing the requirement that the individual who registers for a Distance Education Course and gets the credit for the course must also do the work for the course (required by the reauthorization of the Higher Education Act), the U.S. Department of Education has changed the definition of attendance. To be counted as in attendance for an On-line Course, the student must actively respond to a current activity in the course. No longer will logging on or submitting a previously assigned paper or project be considered as attending the class. The U.S. Department of Education has decided that this does not in any way identify the individual as the person who will receive the credit for the course. See the specific requirement from the Federal Register quoted below.

“With respect to what constitutes attendance in a Distance Education context, the Department does not believe that documenting that a student has logged into an on-line class is sufficient by itself to demonstrate academic attendance by the student because a student logging in with no participation thereafter may indicate that the student is not even present at the computer past that point. Further, there is also a potential that someone other than the student may have logged into a class using the student’s information to create the appearance the student was on-line. Instead, an institution must demonstrate that a student participated in class or was otherwise engaged in an academically-related activity, such as by contributing to an on-line discussion or initiating contact with a faculty member to ask a course-related question. This position is consistent with the current guidance the Department has provided to individual institutions regarding the applicability of the regulations to on-line programs.” Source: U.S. Department of Education Regulations, October 29, 2010.

BEHAVIORAL VIOLATION AND ACADEMIC IMPACT

In the case of Code of Conduct behavioral violations leading to student expulsion, the student is to be given an Administrative Withdrawal for all courses in which final grade determinations cannot be made. In courses where final grade determination can be made, students will be awarded the grade as calculated by the corresponding professors.

ACADEMIC GRIEVANCES

It is assumed that most grievances will be resolved in conversation between student and professor. Grade appeals must be initiated NO LATER than 45 days after the end of the semester or term which the grade was received. Requests for an appeal filed after the 45 day deadline will be automatically rejected from consideration.

1. The student must discuss the grade with the course instructor and attempt to resolve any differences.
2. The student should present, in writing, a specific appeal to the chairperson of the academic department responsible for the course. In disciplines where there is no chairperson, the Dean will appoint an appropriate faculty member to serve in this capacity. This appeal should include the specific reasons why the grade should be reviewed. The chairperson or Dean's designee will consult with the instructor of the course and any other appropriate parties and render a written decision within 30 days of receiving the appeal.

3. The student may appeal the decision of the chairperson or Dean's designee to the appropriate Dean. Such an appeal must be filed in writing no more than 30 days after the departmental decision is rendered. The decision of the Dean is final and may not be appealed. In colleges/schools where there is no Dean, the Associate Provost will serve in the Dean’s absence.

In addition, the University shall obtain the written consent of the student before releasing personally identifiable data from University records to persons identified in this Code. - STU Programmatic Functions (student activities, university conferences, athletic games, etc)
- Archdiocese of Miami (ADOM) Events
- STU personal use events
- Non-STU events (rentals)

The individual, group, or organization requesting space and media equipment must inform ECS of the general purpose of the function, so that ECS can schedule an appropriate location. ECS has discretion over which space is assigned to the requesting group. The event is not approved until an official confirmation is received in writing from ECS. Announcements/publicity for events should not be disseminated until the written confirmation is received.

Fees will be imposed for any special services required in connection with the event. STU organizations and interest groups must follow pertinent program/event planning procedures outlined by the STU student governance system. Physical abuse of assigned facilities and media equipment will require restitution for all damages and may result in limitations and/or loss of use privileges for future events. STU organizations that violate this policy will be sanctioned as outlined by the STU student governance system.

Students are held accountable for their guest’s actions and may be subject to disciplinary action for their guest’s infractions of the Student Code of Conduct. STUDENT CODE OF CONDUCT
PART TWO
JUDICIAL PROCESS

The disciplinary function of the University is an integral part of its educational mission. The discipline system emphasizes the acceptance of each individual's personal and social responsibilities. All breaches of the University rules and regulations are of equal seriousness. The University, however, recognizes its responsibility to all members of the academic community, and the protection of personal and institutional rights and property is a primary focus of the disciplinary process.

Three possible adjudication processes exist depending on the violation, 1) Administrative Hearings; 2) Student Judicial Hearing Committee; 3) Immediate Administrative Action. The Chief Judicial Affairs Officer or designee will determine the applicable adjudication process. Upon receipt of a Community Incident
Report, the Chief Judicial Affairs Officer or designee will send a “Hearing Notification Letter” via email to the student’s St. Thomas University email account. The hearing will take place within ten (10) business days of the Community Incident. Please note that all disciplinary communication will be sent via the St. Thomas University email system and it is the student’s responsibility to check his or her St. Thomas University email account.

I. SUMMARY OF JUDICIAL PROCESSES

Administrative Hearing

When a Community Incident Report is received, the Chief Judicial Affairs Officer or designee may select a representative from the Department of Student Affairs to serve as a hearing officer. The Chief Judicial Affairs Officer or hearing officers may choose to include/consult with other staff or faculty whose job expertise or experience may provide additional insight into an incident. Notification of the date, time and location of the hearing will be sent to the student via email to the student’s St. Thomas University email account requesting his/her presence. The letter requesting appearance will be sent via email to the student’s St. Thomas University email account, three (3) University business days prior to the scheduled hearing.

Student Judicial Hearing Committee

When a Community Incident Report is received, the Chief Judicial Affairs Officer or designee may forward the incident report to the Student Judicial Hearing Committee. The Student Judicial Hearing Committee will include three student representatives appointed by the Student Government Association, and will be advised by the Chief Judicial Affairs Officer or designee and/or the Graduate Student Judicial Coordinator. Notification of the date, time and location of the hearing will be sent to the student requesting his/her presence. The letter requesting appearance will be sent via email to the student’s St. Thomas University email account three (3) University business days prior to the scheduled hearing.

Immediate Administrative Action

In cases where the student poses a danger to the community or potential further disruption of normal operations of the University, the Chief Judicial Affairs Officer, or designee may exclude (ban) the student from University property/events. The student will be given specific instructions by Public Safety/on-duty administrator, which may include vacating their on-campus residence for a period of time. When a student is excluded (banned) from University property/events, they may not re-enter University property or take part in University events, unless the exclusion is terminated.

II. STANDARD OF PROOF

The hearing officer or judicial committee makes decisions only on information presented at the hearing. After the hearing, the hearing officer or judicial committee makes findings of fact and conclusions about whether the information presented constitutes a violation of the Student Code of Conduct. The standard for the hearing officer's or judicial committee’s decision is whether the violation is sustained by a preponderance of the evidence. It is the University's burden to show that it is "more likely than not" that the student violated the Student Code of Conduct.

The hearing officer or judicial committee submits a written report of his or her findings and conclusions to the Chief Judicial Affairs Officer, or designee, along with any appropriate sanctions. This report is submitted within ten working days after the hearing. The report will be added to the student’s judicial file and will be maintained by the Chief Judicial Affairs Officer.
III. POSSIBLE SANCTIONS

While it is reasonable to expect all students to cooperate in observing rules and standards of conduct which contribute to orderly and harmonious community living, it is necessary to specify sanctions which may be imposed on those who choose to violate the regulations as set forth by the University. The Chief Judicial Officer or designee, the Student Judicial Hearing Committee and the Dean of Students have a positive understanding of discipline as directed and controlled behavior, which leads to more desirable behavior. Accordingly, there may be a wide variety of disciplinary measures taken. Generally, these measures may be grouped under seven (7) categories. All levels of assigned violations may include a single or combination of sanctions. Below are examples of sanctions that may be imposed.

1. Warning
   Oral or written notice to the student that communicates that their behavior violates the Student Code of Conduct and that continuation or repetition of misconduct may result in a more severe sanctioning.

2. Administrative Charge
   Any violations of the Student Code of Conduct may have an assessed monetary administrative charge. Payment of these charges are due within ten (10) business days of the decision. Make checks payable to St. Thomas University.

3. Financial Restitution
   Violations involving damage to personal, University, or private property, may require monetary restitution. In such cases where compensation for loss, damage or injury is determined to be appropriate the administrative hearing officer will make such determination as well the amount of restitution.

4. Social Probation
   Social probation is a stated period of time during which the student is on notice that any further infraction of Student Code of Conduct will result in a more severe punishment. Social probation may include a designated period of time when certain privileges are denied, which may include, for example, visitation privileges, the right to hold office in a campus organization, participation in intramural or varsity sports, participation in campus activities, etc.

5. Strict Probation
   The term “strict probation” is a flexible concept that may be implemented as the hearing officer or the Student Judicial Hearing Committee deems appropriate. Strict probation may:
   a. designate a period of time when certain privileges are denied (for example, visitation privileges, the right to hold office in a campus organization, participation in intramural or varsity sports, living in the residence halls, participation in campus activities, etc.)
   b. designate a period of time when certain requirements are placed upon the one being disciplined (for example, referral for counseling assessment, volunteer work for community agencies, campus clean-ups, etc.)
   c. involve paying an administrative charge, contributing to a charity, writing a reflective paper, constructing a written apology, or some other assignment.
   Failure to comply with the conditions of strict probation in the timeframe specified might result in an additional violation of the Student Code of Conduct and further sanctions imposed by the Chief Judicial Affairs Officer or designee or the Student Judicial Hearing Committee.

6. Community Development
   The University recognizes that violations of the Student Code have an adverse impact on the entire community. At times, it may be deemed appropriate to assign community development service as a
method of giving back to the community and of giving the student a better understanding of civic responsibility and how their positive and negative contributions may impact the community.

7. Change in residency
   When a resident student’s actions have the potential to continually disrupt the normal order of the community or for other appropriate reasons, the student may be relocated to another living assignment or required to remove themselves from campus housing. If a student is required to vacate on-campus housing they will be excluded (banned) from the residence halls. Violations of this sanction will be considered trespassing and result in notification of the Miami-Dade Police for prosecution.

8. Suspension
   Suspension is a separation from the University for a specified period of time. During the suspension, a student is excluded (banned) from classes and all other University privileges or activities, including prohibition from entering any University property or sponsored event. Violations of this sanction will be considered trespassing and result in notification of the Miami-Dade Police for prosecution.*

9. Expulsion
   When it is deemed that a student has violated the community standards and that their association with the University should not be continued the University may permanently separate a student from the University. When a student is expelled they are excluded (banned) from classes and all other University privileges or activities, including prohibition from entering any University property or sponsored event. Violations of this sanction will be considered trespassing and result in notification of the Miami-Dade Police for prosecution.*

*When a student is found in violation of the Student Code and it is deemed necessary to separate the student from the University community through the sanction of suspension or expulsion, the student will be given an Administrative Withdrawal for all courses in which there is not enough significant course work completed to award a grade. The faculty member for each course will decide if enough course work has been complete to award a grade.

*Parental/Legal Guardian Notification – If a student is found in violation of the Student Code of Conduct, the student’s parents or legal guardian may be notified if permitted by law.

Fines may be paid to the Office of Student Life. Checks should be made payable to St. Thomas University.

NOTE: ST. THOMAS UNIVERSITY HAS THE RIGHT TO TAKE APPROPRIATE ACTION FOR ACTIONS NOT SPECIFICALLY LISTED IN THE STUDENT HANDBOOK.

IV. JUDICIAL HEARING PROCESS

The University affords three (3) processes for the adjudication of alleged violation of the Student Code of Conduct: Administrative Hearing, Student Judicial Committee Hearing, or Immediate Administrative Action.

1. ADMINISTRATIVE HEARING

   When a student is assigned to an Administrative Hearing, the Chief Judicial Affairs Officer or designee will select a representative from the Department of Student Affairs to serve as a hearing officer. Notification of the date, time and location of the hearing will be sent to the student requesting their presence. The letter
requesting his/her appearance will be sent via email to the student’s St. Thomas University email account at least, three (3) University business days prior to the scheduled hearing. Students may elect to speak with the Administrative Hearing Officer, prior to the hearing letter being sent in these cases this meeting will be considered an official part of the Administrative Hearing process.

It is the student’s responsibility to inform and provide written valid excuse, for example class conflict, to the Chief Judicial Affairs Officer or designee two (2) University business days prior to the hearing if they are unable to attend.

If, after proper notice of the hearing, the charged student fails to appear, without a valid excuse for his/her non-appearance, the hearing may be held without the student. Documentation may be required to gain exception for a missed appearance.

During an Administrative Hearing, the student shall have the right to:

The Chief Judicial Affairs Officer or designee will forward a letter of findings to the student via email to the student’s St. Thomas University email account within fifteen (15) University business days after receiving the administrative report.

Found in Violation of the Student Code of Conduct
   A letter of findings will be forwarded to the student. If a student does not appeal the letter of findings within two (2) University business days after receipt, the Community Incident Report and appropriate correspondence will be maintained in the student’s judicial file for one year after the student has left the University.
   The Chief Judicial Affairs Officer or designee will review a student’s judicial file after a determination of violation has been made. The student’s judicial file is reviewed to make proper determination of level placement and sanction.

STUDENT CODE OF CONDUCT
PART III
POLICIES AND PROCEDURES GOVERNING THE SUPERVISORY ROLE OVER STUDENTS

The Department of Student Affairs has been charged with fostering learning within the co-curriculum. As the chief student affairs officer, the Vice President for Enrollment Management and Student Affairs or designee, leads a collaborative process bringing departmental units across all divisions to create and enhance student services and student activities designed to meet undergraduate student needs and enhance retention. Students bring to campus a variety of interests previously acquired and develop many new interests as members of the academic community.

St. Thomas University has a well-defined Student Code of Conduct through which disciplinary actions can be addressed. In the School of Law, the Code of Academic Integrity provides guidelines regarding student behavior and the adjudication of violations. Since one of the goals of higher education is to produce responsible citizens with a refined sense of moral and ethical development, Student Affairs has been charged to ensure a civil, just, open, disciplined, educationally purposeful, caring and celebrative set of conditions in order to ensure that effective learning can take place and personal development may occur.

I. DRUG FREE WORKPLACE & SCHOOL POLICY

Part of the mission of St. Thomas University is our commitment to competence and objectivity. Through its personalized and caring environment the university strives to provide a safe learning environment and encourages personal health. As such, the abuse of drugs or alcohol within the educational setting is an unsafe and counterproductive practice and considered to be directly contradictory to our mission.

It is therefore, the policy of St. Thomas University to create a drug free school environment in keeping with the spirit and intent of the Drug Free School Policy of 1988. The use of controlled substances is inconsistent with the behavior expected of students. In this connection, a student found with the presence of alcohol or a controlled substance in an unauthorized area, in possession of, using, selling, trading, or offering for sale controlled substances or alcohol will be subject to disciplinary action up to and including dismissal.

Alcohol purchase and consumption is authorized only in licensed campus facilities, such as the Campus Rathskeller, or at special events/locations, which have been authorized by appropriate campus authorities. Students found to be in violation of the University’s policy will be subject to action as provided in the Student Code of Conduct and face sanctions up to and including dismissal from the university.

Standards of Conduct

Students, faculty and staff are expected to recognize the potential for alcohol and drug abuse whenever alcohol or illegal drugs are sold, given and/or used and that such abuse is in conflict with the University’s drug free work place and schools policies. Violations of these policies by students or employees may be reason for disciplinary actions up to and including termination of employment or student expulsion from the University.

The University publishes the student handbook, which includes policies on alcohol and drugs. This “Student Code of Conduct” outlines disciplinary actions, which may be taken for violation of the University’s policies. Students should review this section of the handbook and be familiar with possible consequences.
The University also publishes and distributes faculty and employee handbooks, which include policies on the drug free work place. These publications contain information outlining disciplinary actions, which may be taken for violations of the University’s policy on alcohol and drugs. Members of the University should review this section of their respective handbooks and be familiar with possible consequences.

DRUG AND ALCOHOL COUNSELING AND ASSISTANCE

For students, a number of programs are available including: on-campus Counseling Services, and referrals. Referrals are made as needed at the Student Health Center located in the Student Center 305-628-6691. Free Literature is also available.

SUBSTANCE ABUSE HEALTH RISKS

Many physical and mental health risks are associated with the abuse of both legal and illicit drugs. The spectra of substance abuse affect not only the user, but family members, work associates, and classmates as well. Productivity, academic performance, work quality, motivation, judgment, pregnancy, and personality can be adversely affected. A list of the most common health risks is provided below for your information.

Cocaine
Long-term use of cocaine can lead to psychological and physiological dependence. Its immediate effects include elevated blood pressure and body temperature, and increased heart rate.

Occasional use can cause stuffy or runny nose. Chronic use can cause ulceration of the mucous membrane in the nose. Injecting cocaine with un-sterile equipment can transmit HIV/AIDS and other infections. Preparation of freebase, which involves the use of highly volatile solvents, can result in fire or explosion.

Crack or freebase rock, a concentrated form of cocaine, is extremely potent. Its effects are felt within 10 seconds of use. Physical effects include insomnia, appetite loss, tactile hallucinations, paranoia and seizures. Cocaine use may lead to death through disruption of the brain’s control of heart and respiration.

Depressants
The effects of depressants are similar to those of alcohol. Large doses can cause slurred speech, staggering gait and altered perception. Very large doses can cause respiratory depression, coma and death. The combination of depressants and alcohol can increase the effects of the drugs and multiply the risks. The use of depressants can cause both physical and psychological dependence.

Regular users may develop tolerance to the drug and increase intake. Cessation of abuse may cause withdrawal symptoms ranging from insomnia and anxiety to convulsions and death.

Babies born to women who abuse depressants during pregnancy may be physically dependent on the drugs and show withdrawal symptoms shortly after they are born. Birth defects and behavioral problems have been associated with these children.

Alcohol
Alcohol is the most commonly abused drug and is most frequently associated with school, job, social, health, and legal problems.

Alcohol consumption results in several behavioral changes. Judgment & coordination are significantly affected by low doses, whereas aggressive behavior characterizes the use of moderate doses of alcohol.
High levels of alcohol consumption may lead to impairments in learning and memory. Very high doses or low doses combined with other depressants, results in respiratory depression, coma, and death.

Persistent use of alcohol can lead to physical dependence. Sudden cessation of alcohol intake usually results in life threatening withdrawal symptoms, including anxiety, tremors, hallucinations and seizures. Prolonged alcohol abuse is frequently associated with poor nutrition, which often permanently damages vital organs such as the brain and liver.

Women who drink while pregnant may give birth to infants with irreversible physical abnormalities and mental retardation, which are signs of fetal alcohol syndrome. Children of alcoholic parents are more likely to abuse alcohol themselves.

Inhalants

Many psychoactive substances are inhaled as gases or volatile liquids. Some commercial products such as paint thinners and cleaning fluids are mixtures of volatile substances, so it is difficult to be specific about effects.

Immediate effects of inhalants include nausea, sneezing, coughing, nosebleeds, fatigue, lack of coordination, and loss of appetite. Solvents and aerosol sprays may decrease heart and respiratory rates & impair judgments. Amyl and butyl nitrate cause rapid pulse, headaches & involuntary passing of urine and feces. Long-term use may result in hepatitis, brain damage, weight loss, fatigue, electrolyte imbalance, and muscle weakness. Repeated use of inhalants may permanently damage the nervous system.

Anabolic Steroids

Closely related to the male sex hormone testosterone, anabolic steroids may be prescribed for a limited number of medical conditions such as severe burns and certain types of anemia and cancers. When combined with a program of muscle-building exercise and diet, steroids may contribute to increases in body weight and muscular strength. However, steroid use can cause physical and psychological side effects, including acne, liver cancer, sterility, aggressive behavior and depression. Some side effects appear quickly; others, such as heart attacks & strokes, may not show up for years. Other signs of steroid use include jaundice; discoloration of the skin; swelling of feet or lower legs; trembling and bad breath.

Cannabis (Marijuana)

Physical effects of cannabis include increase in heart rate, bloodshot eyes, dry mouth, and hunger. Marijuana smoke is carcinogenic and damaging to the respiratory system.

Use of cannabis may impair short-term memory and comprehension, alter sense of time, and reduce coordination and motivation. Marijuana can also produce paranoia and psychosis. Long-term users may develop psychological dependence.

Hallucinogens

Phencyclidine (PCP) produces dramatic behavioral alterations. The drug blocks pain receptors, which may result in self-inflicted injuries. PCP usually causes distance space estrangement, lack of muscular coordination, dulled senses and impaired speech.

Chronic users of PCP report memory and speech difficulties, mood disorders, paranoid and violent behavior, and hallucinations. Large doses of PCP may produce convulsions, coma, heart and lung failure or ruptured blood vessels in the brain.
Lysergic acid (LSD), mescaline, and psilocybin cause illusions and hallucinations. Physical effects may include dizziness, weakness, tremors, nausea and drowsiness. A bad psychological reaction to these drugs is common. Users may experience panic, confusion, suspicion, anxiety and loss of control. Delayed effects, or flashbacks, can occur long after use.

Narcotics (heroin, morphine)

Narcotics initially produce a feeling of euphoria followed by drowsiness, nausea and vomiting. Users may experience constricted pupils, watery eyes & itching. An over dose, may produce slow and shallow breathing, clammy skin, convulsions, coma and death.

Tolerance to narcotics develops rapidly and dependence is likely. Sharing Indictable narcotics may cause diseases such as HIV/AIDS and hepatitis. Addiction in pregnant women can lead to premature, stillborn or addicted infants.

Other Stimulants

Stimulants can cause increase heart & respiratory rates, elevated blood pressure, dilated pupils and appetite loss. Users may perspire, experience headache, blurred vision, dizziness, sleepiness and anxiety. Very high doses can cause irregular heartbeat, tremors, loss of coordination and physical collapse. Amphetamine injections may result in stroke, high fever or heart failure.

Users report feeling restless; anxious and moody. Regular use can lead to amphetamine psychosis that includes hallucinations, delusions and paranoia. (Information for Health Risks was taken from “What Works: Schools Without Drugs”, U.S. Department of Labor.)

II. STUDENT’S ROLE AND PARTICIPATION IN INSTITUTIONAL DECISION-MAKING

Whereas St. Thomas University is a dynamic community celebrating and respecting its diversity, the institution seeks to instill the principle of human dignity by enhancing cultural pluralism.

Whereas St. Thomas University places an excellence on teaching, and encourages service and research, the institution seeks to instill the principles of participation and stewardship by involving students in active citizenship through institutional decision-making.

Whereas St. Thomas University is student-centered and emphasizes lifelong learning and a value-oriented education, the institution seeks to intentionally instill the principle of association by role-modeling effective collegiality and by seeking student input and involvement in all ad hoc and standing committees.

Thereby, we declare students to have an active role of participation in institutional decision-making as determined by the chair of each committee.

III. INSTITUTIONAL STATEMENT OF RESPONSIBILITY STUDENT MEDIA AND PUBLICATION ORGANIZATIONS

St. Thomas University supports freedom of expression, freedom of inquiry and freedom to have intellectual or scholarly debate for its students. Student media and publication organizations offer the opportunity for the expression of divergent or opposing views and opinions. However, student media and publications must support the principles of Catholic social justice as expressed in teaching and Ex Corde Ecclesiae and not contradict the mission of the institution. St. Thomas University embraces the College
Media Adviser statement that, “In private institutions, media advisers should aid in developing governing documents and working with administrative guidelines which foster a free and open atmosphere for students involved in campus media work, if such freedoms do not currently exist.”

St. Thomas University supports the collegial tradition of student self-governance through the approval and recognition of the Student Government Association. The Student Government Association exerts a supervisory role and has a tradition of supporting endeavors of excellence in various mediums of student media and publications.

St. Thomas University views student media and publication organizations as co-curricular activities, supported by highly qualified faculty who serve as advisers. These advisers are selected through review of their educational credentials and current faculty assignment to assist and insure best practices; national standards and codes of ethics are developed, understood and implemented. Institutional funding for student media and publication organizations is made by St. Thomas University in two ways: 1) departmental budgets receive dedicated salary funding for each editor, and 2) through the funding of the Student Government Association, which in turn, funds each student media and publication organization.

If a student media or publication organization feels that his/her/its freedom of expression as set forth herein has been infringed, he/she/it may file a grievance in accordance with the St. Thomas University’s grievance resolution process.

IV. MISSING STUDENT POLICY AND PROCEDURE

St. Thomas University takes student safety very seriously. Federal law requires colleges and universities to establish a missing student notification policy. The policy states, among other things that students must be given the option to provide confidential emergency contact information in the event that he or she is reported as missing. If that occurs, St. Thomas University will use the information on the emergency contact form for the following purposes:

- Notify the missing student’s identified emergency contact
- Notify a student’s parent or guardian if the student is under 18
- Notify the appropriate law enforcement officials in the event no contact information is supplied.

Unless foul play is evident or strongly indicated, a student will be determined missing if he or she is unable to be located for 24 hours or more. Once a missing student report is filed, the college will begin an immediate investigation in an attempt to locate the student. To this end, the following policy and procedure has been developed in order to assist in locating student(s) living in College-owned, on-campus housing, which based on the facts and circumstances known to the College is determined to be missing. This policy is in compliance with Section 488 of the Higher Education Act of 2008.

Most missing person reports in the college environment result from a student changing their routine without informing their roommates and/or friends of the change. Anyone who believes a student to be missing should report their concern to Public Safety or Student Affairs / Residence Life. Every report made to the campus will be followed up with an immediate investigation once a student has been missing for 24 hours. Depending on the circumstances presented to University officials, parents of a missing student will be notified. In the event that parental notification is necessary, the Dean of Students (or his/her designee) will place the call.

At the beginning of each academic year, residential students will be asked to provide emergency contact information in the event they are reported missing while enrolled at St. Thomas University. This emergency
information will be kept in the Division of Student Affairs and Residential Life and will be updated annually.

UNIVERSITY PROCEDURE:

1. The University official receiving the report will collect and document the following information at the time of the report:
   a. The name and relationship of the person making the report.
   b. The date, time and location the missing student was last seen.
   c. The general routine or habits of the suspected missing student (e.g. visiting friends who live off-campus, working a job away from campus) including any recent changes in behavior or demeanor.
   d. The missing student’s cell phone number (if known by the reporter).

2. The University official receiving the report will contact the Student Affairs Administrator on Duty (AOD) and the Dean of Students in order to update them on the situation and to receive additional consultation. The Dean of Students will ascertain if/when other members of the University and the Director of Public Safety need to be contacted.

3. Upon notification from any entity that a student may be missing, the University may use any or all of the following resources to assist in locating the student.

On-Campus Resident

1. Call the student’s room.
2. Go to the student’s residence hall room.
3. Talk to the student’s RA, roommate, and floor mates to see if anyone can confirm the missing student’s whereabouts and/or confirm the date, time, and location the student was last seen.
4. Secure a current student ID (from security) or other photo of the student from a friend.
5. Call and text the student’s cell phone and call any other numbers on record.
6. Send the student an email.
7. Check all possible locations mentioned by the parties above including, but not limited to, library, residence hall lounges, student commons, fitness center, etc. The Office of Public Safety and the Office of Residence Life may be asked to assist in order to expedite the search process.
8. Contact or call any other on-campus or off-campus friends or contacts that are made known to the University. This could include checking a student’s social networking sites such as MySpace, Instagram, Facebook and Twitter.
9. Ascertain the student’s car make, model and license plate number. A member of the Office of Public Safety will also check the University parking lots for the presence of the student’s vehicle.

Commuter Student

1. Contact the local law enforcement agency.
2. The Office of Information and Technology Staff may be asked to obtain email logs in order to determine the last log in and/or access of the University’s network.
3. Once all information is collected and documented and the Dean of Students (or his/her designee) is consulted, University staff may contact the local police to report the information. (Note: If in the course of gathering information as described above, foul play is evident or strongly indicated, the police can be contacted immediately.) If it is necessary to contact the local or state authorities, police procedure and protocol will be followed by the University.

ANTI-DISCRIMINATION/ANTI-HARASSMENT POLICY

I. COMMENTMENT TO FOSTERING MUTUAL RESPECT

Consistent with all federal and state laws, rules, regulations, and/or local ordinance (i.e. Title VII, Title VI, Title II, Americans with Disabilities Act, Florida Civil Rights Act, and Title IX) it is the policy of St. Thomas University not to engage in discrimination or harassment against any persons because of race, color, religion or creed, sex, pregnancy, national or ethnic origin, non-disqualifying disability, age, ancestry, marital status, sexual orientation, military service, political beliefs or affiliations, and to comply with all federal and state nondiscrimination, equal opportunity and affirmative action laws, orders, and regulations.

The University aims to create a learning environment of mutual respect and cooperation wherein all members of the university community (students, faculty, and employees) can live, function, work, and learn at the full measure of their human potential. When any member of our educational community is threatened by discriminatory, harassing, sexually harassing, or retaliatory acts, our fundamental freedoms are threatened. Toward this end, the University, while recognizing the individual right to free speech and the exercise of academic freedom, has implemented a policy aimed at eradicating actions toward individuals on the basis of their personal attributes or group affiliation.

The University will not condone nor tolerate any action and/or behavior that a reasonable person would consider demeaning to another’s God-given dignity and growth as an individual. All members of the university community are expected to conduct themselves appropriately as defined by this institution and the published precepts of the Catholic Church.

This policy, applies to all students, faculty, and employees with respect to activities occurring on all university property and university-related activities occurring off-campus. Also, this policy applies to the activities of recognized student clubs and organizations including fraternities, sororities, and/or cooperatives.

The University will not tolerate discrimination and harassment of its students, faculty members, and employees by persons conducting business with or visiting the University, although such persons are not directly affiliated with the University. Nor will the University tolerate discrimination and harassment by its students, faculty members, and employees of persons conducting business with or visiting the University, although such persons are not directly affiliated with the University.

Failure to comply with this policy will subject that student, faculty member, and/or employee to discipline, up to and including expulsion and/or termination.

II. ANTI-DISCRIMINATION

Discrimination on the basis of race, color, religion, national origin/ancestry, sex, sexual orientation, disability (including anyone having a positive HIV/AIDS status or perceived as having such), age, pregnancy (including pregnancy related medical conditions), marital or familial status, or any other category
that is or may become protected by law is strictly prohibited. Anyone who is found, after appropriate investigation, to have engaged in discrimination toward another individual will be subject to appropriate disciplinary action, up to and including expulsion and/or termination.

No one on this campus is expected to tolerate discriminatory conduct. Should you encounter any such prohibited conduct or should you have knowledge of such prohibited conduct happening to another individual, you must report such prohibited conduct in accordance with the reporting procedures so that the University may take appropriate corrective action. See St. Thomas University’s procedures for reporting and handling student complaints of discrimination, harassment, and retaliation in the below section entitled: Policy on Sexual and Discriminatory Harassment pg. () or on the STU web at: www.stu.edu/titleix

III. ANTI-HARASSMENT

Harassment on the basis of race, color, religion, national origin/ancestry, sex, sexual orientation, disability (including anyone having a positive HIV/AIDS status or perceived as having such), age, pregnancy (including pregnancy related medical conditions), marital or familial status, or any other category that is or may become protected by law is strictly prohibited. Anyone who is found, after appropriate investigation, to have engaged in prohibited harassment of another employee will be subject to appropriate disciplinary action, up to and including expulsion and/or termination. Students, faculty, and employees must avoid any actions or words, including but not limited to jokes, cartoons, and anecdotes, which would constitute prohibited harassment.

No one on this campus is expected to tolerate harassing conduct. Should you encounter any such prohibited conduct or should you have knowledge of such prohibited conduct happening to another individual, you must report such prohibited conduct in accordance with the reporting procedures so that the University may take appropriate corrective action. See St. Thomas University’s procedures for reporting and handling student complaints of discrimination, harassment, and retaliation in the section entitled: Policy on Sexual and Discriminatory Harassment on page 180 or this handbook or on the STU web at: www.stu.edu/titleix.

IV. RELATIONSHIPS BETWEEN FACULTY/STAFF AND STUDENTS ARE PARTICULARLY SUSCEPTIBLE TO EXPLOITATION

The respect and trust accorded to a member of the faculty/staff by a student, as well as the power exercised by faculty/staff in giving grades or recommendations for future study and employment, make voluntary consent by the student suspect.

Anyone who engages in sexual relationship with a person over whom he or she has any power or authority within the university structure must understand that the validity of the consent can and may be questioned. In the event of a charge of sexual harassment, the University will give critical scrutiny to any defense based upon consent where the facts establish that a power differential existed within the relationship.

No one on this campus is expected to tolerate harassing conduct of any sort. Should you encounter any such prohibited conduct or should you have knowledge of such prohibited conduct happening to another individual, you must report such prohibited conduct in accordance with the reporting procedures so that the University may take appropriate corrective action. See St. Thomas University’s procedures for reporting and handling student complaints of discrimination, harassment, and retaliation in the section entitled: Policy
on Sexual and Discriminatory Harassment on page 180 of this handbook or on the STU web at: www.stu.edu/titleix.

V. RETALIATION

The University will not tolerate retaliation against an individual who reports a violation or perceived violation of these policies on discrimination and harassment or who is involved in the investigation of any violation of these policies. The complainant and the individual participating in any investigation are assured of absolute protection from any retaliation.

Anyone who engages in retaliation against an individual who has in good faith reported a violation of the laws and/or the University’s policies, whether or not one agrees with the facts reported, or who has engaged in retaliation against an individual participating in any investigation, is subject to discipline, up to and including expulsion and/or termination.

No one on this campus is expected to tolerate harassing conduct of any sort. Should you encounter any such prohibited conduct or should you have knowledge of such prohibited conduct happening to another individual, you should report such prohibited conduct in accordance with the reporting procedures so that the University may take appropriate corrective action. See St. Thomas University’s procedures for reporting and handling student complaints of discrimination, harassment, and retaliation in the section entitled: Policy on Sexual and Discriminatory Harassment on page 180 of this handbook or on the STU web at: www.stu.edu/titleix.

VI. POLICY ON SEXUAL AND DISCRIMINATORY HARASSMENT (TITLE IX POLICY)

St. Thomas University is committed to encouraging and sustaining a learning and living community that is free from harassment, violence, and prohibited discrimination. Consistent with this commitment and Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex/gender in any of the institution’s programs or activities. STU has developed this comprehensive Sexual or Discriminatory Harassment Policy, applicable to all students. Further, STU conducts education and awareness programs with the goal of preventing and discouraging sexual assault, domestic violence, dating violence, and stalking.

As discussed more fully below, this Policy on Sexual and Discriminatory Harassment prohibits all forms of sex/gender-based harassment, sexual violence, sexual exploitation, relationship violence (domestic violence and dating violence), and stalking. Collectively, these terms are referred to in this policy as “Sexual Misconduct.” (Note that non-sex/gender-based harassment is also a violation of university policy, as described under the university’s Policy, available at www.stu.edu/titleix).

The Policy on Sexual and Discriminatory Harassment serves three principal purposes. First, it establishes conduct standards—namely, prohibited Sexual Misconduct—for all University faculty, staff and students. Note that a violation of this Policy may also constitute a crime, which will be independently reported to STU’s Public Safety Department, Miami Gardens Police Department, or other appropriate law enforcement agency.

Second, this Policy outlines reporting, investigation, and complaint resolution procedures in cases where it is alleged that an STU faculty, staff or student has engaged in Sexual Misconduct. The Policy specifies to whom violations of this policy should be reported, the availability of confidential reporting, intermediate
measures available to the complainant (i.e., the individual who was the alleged victim of the behavior[s] in question) and the respondent (i.e., the one alleged to have committed a possible violation of the policy), how the University will investigate and resolve alleged violations, possible sanctions, and appeals. The University's Office of Administrative Affairs (restricted to the following units/sections: Administrative Affairs, Human Resources, Public Safety and Risk Management, Environmental Compliance and Emergency Management) is primarily responsible for implementing these procedures. Anyone with concerns about a possible violation of the Policy by a student, faculty or staff member is encouraged to contact Human Resources at 305-628-6514, lprado@stu.edu, or through an online reporting system located at www.stu.edu/titleix.

Third, the Policy on Sexual and Discriminatory Harassment describes resources available to complainants of Sexual Misconduct. A variety of support resources are available on campus and in the community to assist students in dealing with the impact of Sexual Misconduct, whether it happened recently or in the past. Such services are provided online and interim measures issued by the Office of Student Affairs and/or the Human Resources (or her/his designee).

Reporting
All violations of the Policy must be submitted to the Title IX Coordinator/Associate Director of Human Resources at 305-628-6514, lprado@stu.edu or online at www.stu.edu/titleix. Alternatively, reports can be submitted to Deputy Title IX Coordinators: Assistant Dean for Alumni Relations, (Law) at 305-623-2374 pkelly@stu.edu or Director of Academic Enhancement, (Main Campus) at 305-628-6564/ mrivera@stu.edu.

CHILDREN AND MINORS ON CAMPUS POLICY

Preamble
St. Thomas University (St. Thomas) values its employees and students and recognizes the importance of families in the lives of employees and students. These guidelines address when it is acceptable to bring non-student, minor children to the workplace or classroom. The guidelines are intended to foster respect for

the needs of all parties impacted by the presence of non-student, minor children in the workplace, the classroom, the library or other areas on campus.
Definition of Terms

1. The term “non-student, minor child” refers to a child under the age of 18 who is not enrolled in classes at St. Thomas University.
2. The term “parent” means any employee, guardian or student who has responsibility for a non-student, minor child while in the workplace, classroom, library or other areas on campus regardless of the employee’s or student’s relationship to the child.

General Policy

St. Thomas generally does not permit non-student, minor children to be present on a frequent or continuing basis in the workplace, classroom, library or other areas on campus even when accompanied by a supervising parent. At no time may a non-student, minor child be left unsupervised by a parent in a workplace, classroom, or library or other areas on campus.

Prohibitions

Under no circumstances may a non-student, minor child under the care of an employee or enrolled student be permitted in the following areas of the campus, even for brief visits or in an emergency:

1. Power plants, shops, mechanical rooms, confined spaces, or food preparation areas;
2. Any areas, indoors or out, containing power tools or machinery with exposed moving parts or rotating equipment
3. Areas with excessive noise, extreme temperatures, inadequate ventilation or presence of pollutants
4. University vehicles, heavy duty or other motorized equipment;
5. Any other high-risk areas (stairwells, elevators, doorways, rooftops, construction zones, etc.);
6. Laboratories or specialized work areas that include chemicals, biological hazards, radioactive hazards, flammables, explosives, compressed gasses, sharp objects, lasers, research animals, hazardous wastes or other environmental hazards.
7. No non-student, minor children are permitted in the Science and Technology building.

In respect to the above situations, the employee or enrolled student is expected to take the non-student minor child off-campus immediately. The employee and or enrolled student should consult with a supervisor or instructor before leaving campus with the minor child.

Exceptions to the General Policy

In the following circumstances, a non-student minor, accompanied by a supervising parent may be present on campus:

1. At officially sponsored institutional programmatic activity to which families and/ or non-student, minor children have been invited.
2. When an employee brings his/her child, grandchild or other non-student minor relative to introduce that child to co-workers. These visits must be coordinated with and approved by the employee’s supervisor.
3. When a parent brings a non-student minor child into a classroom or public space for a brief visit. The parent must receive permission from the classroom instructor before this visit can take place.
4. In the event of an emergency, and if there are no other alternatives, an employee may have a non-student, minor child present in the workplace for an extended period of time provided the parent obtains the immediate supervisor’s prior approval. If authorized, the parent employee must
supervise the child(ren) at all times and should not leave such child(ren) in the custody of another University employee or another enrolled student, even for brief periods of time. The parent accepts full legal responsibility for the child’s safety and for any damage to property or injury to persons that is caused by the child’s presence.
