St. Thomas University Parents & Families Program
Presents Move In Day 2014

STU Move In Day 2014 Video

St. Thomas University Welcomes New Students Parents, & Families at Move In Day 2014

On August 18th, the STU Parents & Families Program collaborated with Residence Life, Bobcat Dining, and other STU community partners to help parents and families to move newly arriving students into their dorm rooms and to get familiar with the place that they will call home for the coming months at St. Thomas University.
Move-In Day was full of excitement, and some trepidation, for new students and parents, as they embarked on the next chapters of their lives. Move In Day volunteers from the STU Student Government Association, Campus Ministry, and other student leadership organizations welcomed parents and new students by giving a helping hand with the actual moving of items into the dorms.

Move-In Day is an initiative of the STU Parents & Families Program. The STU Parents & Families Program welcomes parents and families of students by providing opportunities to stay informed about campus news and to interact with fellow STU parents, as well as opportunities to become a part of the STU community.
